Brezhnev

raises fears of
severe measures
against Soviet dissidents

'Iron Rule' Demanded

Freedom Inevitable

Czechs Warn 'Keep Out'

From Reuters-AP

VIENNA, Austria — High-ranking Czechoslovakian officials said Friday the country's moves towards greater freedom have gone too far to be reversed and warned against any outside interference in Czech affairs.

Two statements—directed at the Soviet Union and East Germany—came from a political and an army leader stressing the theme of independence in internal matters.

★ ★ ★

The comments were reported after a tough speech in Moscow Friday by Leonid Brezhnev, the Soviet Communist Party chief, who warned against the growth of nationalistic elements in communist countries.

In another development, Hungarian Premier Jenos Fock said in a Paris interview he is "in entire agreement" with developments in Czechoslovakia.

★ ★ ★

Maj.-Gen. Egyed Peppich, newly-appointed head of the political branch of the Czech army who recently met Soviet army leaders in Moscow, writes in a weekly army newspaper that Soviet leaders "were very careful not to give rise to the slightest suspicion that they wanted to influence or advise us."

And Josef Smrkovsky, a newly-elected member of the Czech Communist Party presidium, was quoted in a newspaper interview as saying that "the process of democratization has gone so far . . . that a reversal . . . is out of the question."

★ ★ ★

In Paris Fock told reporters: "As far as concerns the goals sought in Czechoslovakia, I am in entire agreement with what is going on in that country."

He said he was convinced the friendly relations between Hungary and Czechoslovakia "will be reinforced."

Four Byelections

New Grit Leader Faces June Tests

OTTAWA (CP) — The next Liberal administration's first appointment with the voters has been fixed for Monday, June 17, when federal byelections will take place in four ridings.

The date was announced Friday by Prime Minister Pearson, who will hand his job over to a successor after the April 4-6 Liberal leadership convention.

The elections will fill all existing Commons vacancies. There are three in Quebec—Montreal St. Jacques, Matapedia-Matane and Sherbrooke—and one in Ontario—Grey-Bruce.

Two DIE

Two of the vacancies, in seats held by the Liberals, were caused by deaths.

Maurice Rinfret, member for Montreal St. Jacques since 1962, died Dec. 26. Rene Tremblay, former citizenship and immigration minister and member for Matapedia-Matane since 1963, died Jan. 22.

Grey-Bruce has been vacant since last fall, when Conservative Eric Winkler resigned to

seek and gain a seat in the Ontario legislature.

Independent Maurice Allard of Sherbrooke seat last month, shortly before accepting an appointment to the

Nobody's Liberal With Race Talk

ON TO OTTAWA: Local politicians are a strange breed. They do their best to stay in the dark closets of anonymity until election time and then they wonder why no one wants to hear from them.

Conservatives are bad but Liberals are even more shy. Take the case of the current race for the Grit leadership. Few Liberals will comment on the local scene.

One insider did offer a few comments on condition that he be kept out of the story and his suggestions did lead to some interesting things.

It seems the local delegates to the Liberal convention are polarized around Paul Hellyer. Robert Winters is tipped as an outsider that Vancouver Island delegates might support as a compromise because "nobody really hates him."

Of the seeded runners Mr. Trudeau would seem to present the biggest worry to his opponents particularly outside the party.

Last week in the Islander the Colonist book reviewer E. D. Ward-Harris gave his appraisal of Mr. Trudeau's book Federalism and the French Canadians'.

Mr. Ward-Harris reports the book review brought the most vocal reaction he has had to a review in months. Mainly from members of other parties who are for Trudeau.

While Conservative Leader Robert Stanfield has done nothing to stimulate popular imagination among Canadians it seems Mr. Trudeau has.

The Liberal who offered his private opinions insisted the

Victoria and Esquimalt Saanich seats would feel the effect of a Trudeau victory.

The reasoning is that Mr. Trudeau is already getting support from disgruntled Conservatives and NDP members.

The feeling is that Mr. Trudeau could carry a good many seats the same way John Diefenbaker did in his landslide — on personality alone.

STILL BUSY: The seal lobby is still hard at it. All the supporters have the same arguments and logic.

It would seem, on analysis, that there is a formula behind the majority. Being against animal cruelty is a safe, easy protest for those who are inclined to protest. It offers a sense of fulfillment without requiring any form of commitment.

People who are against wars usually have to make a political decision that may make them unpopular with their friends.

It does not cost much to write a protest letter about seals or to phone in a complaint. This gives the protestor a sense of well being without the discomfort of having to stand in the rain

with a picket or take abuse on a peace march. It is also far less time consuming.

The local branch of the SPCA fights animal cruelty 12 months of the year. They do a good job on a tight budget. Perhaps the seal supporters could put their money into the SPCA for some concrete action in the fight against cruelty to animals, or maybe they get their satisfaction out of just protesting.

FIGHT GOES ON: The toughest battle some people have to fight is against loneliness. Six years ago Vivian Rowe and a group of her friends decided to tackle the problem with a 30 and Up Club.

The membership has grown from 16 to 70 and often as many as 175 people attend the dances the group runs at the OAP Hall on Government St.

Basic idea is to provide entertainment and fellowship for people who are alone, divorced or unattached.

Current standings in the 265-seat House of Commons: Liberals 130, Conservatives 94, NDP 22, Creditistes 8, Social Credit 4, Independent 2, Independent Conservative 1, vacant 4.

Grey-Bruce has been Conservative since 1957, when Mr. Winkler ended 17 years of Liberal occupancy.

SAIGON (UPI) — U.S. Air Force pilots battled North Vietnamese MiG-21 interceptors for the first time in six weeks and may have shot down at least one, American spokesman said today. (See also Page 5.)

Tear Gas Used On Women

PANAMA CITY (UPI) — National Guardsmen used tear gas against women and children Friday to break up protest marches in several Panama cities.

Acting on orders not to tolerate further disorders in the wake of Thursday's night's rioting in Panama City, the troops used the gas to stop "mourning women" marches from Colon, David and Dolega.

SATURDAY, MARCH 20, 1968

Cause for Applause

WHAT WILL BE CALLED the Official Languages Bill will be introduced at the next session of Parliament. This was the undertaking given by Prime Minister Lester Pearson immediately prior to the Constitution Conference in Ottawa last February. And presumably his successor as leader of the government will honor his pledge.

This bill will formally declare that English and French are the official languages of Parliament, of the federal courts and of the federal administration.

Simultaneously it will be proposed that a commissioner of official languages be appointed to ensure respect for the status of English and French in Canada.

This is all a part of the ambitious program dear to the heart of Mr. Pearson by which he believes French-speaking Canadians can be made to feel that sense of partnership which is, in his words, "a condition of Confederation".

The new flag and a new national anthem were designed to foster a new Canadianism, further encouraged by the abandoning of symbols derived from the British tradition. Bonuses are paid to civil servants who are bilingual. Officials are sent on crash French courses, at very considerable expense to the taxpayer. The armed services, it is proposed, will work in two languages. There have been widespread efforts among provincial governments to accommodate those who want instruction in the language of Quebec. But none of these things and the sum of the inducements for the sense of partnership the government seeks for French-speaking Canadians have been welcomed with any sign of wild enthusiasm by those they were supposed to please.

British Columbia has been cool to the proposal for a wider instruction in French which elsewhere, notably in Ontario, Newfoundland, Manitoba and the Maritimes, will be offered. But educationists are at work, nevertheless, to improve and broaden French studies here.

It is in prospect they call an "alternate" program in instruction which will be concentrated on spoken French, rather than the tediums of grammar and the rules of syntax. It will be an elective course, although French will continue to be compulsory through Grades VIII to XI, inclusive.

Hopefully, proponents suggest that students will be equipped for the English-French dialogue which heretofore has been beyond them, particularly if they exercise the option of continuing their studies through Grade XII.

If it were only an experiment it would be useful, but it promises to be much more than that. It might be acceptable elsewhere than in British Columbia if it is shown to be successful. It is a definite contribution to the biculturalism so ardently sought.

There might even be a faint applause for the program from friendlier sections of Quebec's society.

Dead or Dying?

LATIN APPARENTLY is on the way out. According to Arthur Huggett, president of the British Columbia Association of Teachers of Classics fewer pupils want to study the old-world language.

Mr. Huggett is right when he says that a good Latin vocabulary helps people in English and many other languages. Among the many benefits stemming from the massive Roman Empire was a base for a number of modern languages. It is fascinating to be able to trace root-words for modern terms.

For instance audience derives from *audire*—I hear; and a playscript goes back to *scripto*—I write.

But apart from specialized fields, Latin does not have much place in today's world. We in Canada are forced to be functional through circumstances.

We are faced with the seemingly insurmountable problem of bilingualism. And this is why Mr. Huggett's comment that French is putting Latin out must be welcomed—even if it is at the expense of a noble language such as Latin.

If more young people learn French, they and our fellow countrymen in Quebec are bound to feel closer links between English and French Canada. Such a bond will help to make Canada more united.

The future of Canada does not lie so much with the older people of the country, as with the students who are about to start out in life. Therefore it is important that they should be able to communicate and understand the Quebec view. Learning the French language will be an important factor in communication.

Of course, the ideal is always commendable—finding time and the desire to study both French and Latin.

Tiny Alboran

Treeless Rock Is a Pawn

FOR 30 years the tiny Mediterranean island of Alboran was of interest only to cartographers and seagulls. Today the half-mile long, treeless rock has become a pawn in the chessboard politics of the Western world.

Alboran lies halfway between the coast of North Africa and the Spanish Mediterranean littoral, and roughly 100 miles west of the Algerian port and naval base of Mers-el-Kebir. It is equipped with a lighthouse, now automatic, and when the last Spanish lighthouse-keeper left his post 30 years ago, it probably never occurred to him that a company of Spanish marines would one day be living on this barren reef.

However, in 1968 the Russian navy, now the third strongest in the Mediterranean, finds the tiny rock a useful rendezvous point. The increasing Russian naval activity in the region has caused considerable disquiet among many Western nations, including Spain. The Spaniards have stationed a company of marines on the island, and are believed to be discreetly probing Soviet fleet activities within the territorial waters off Alboran.

A Spanish source in Madrid estimated that in the Mediterranean the Russians now deploy an armada which consists of the three 15,500-ton cruisers of the Gverdov class, equipped with Kebir, near Oran, formerly

Ottawa Offbeat

Capital Conventions Seem Wilder

By RICHARD JACKSON, Colonist Ottawa Bureau

MAYBE it's because the hotel rooms here are smaller—and the sound and fury of all the fun and games rings out that more wildly—but political conventions in Ottawa always seem more calathumpian than in Toronto.

Here you can't miss them—they take over the town, filling every one of the available 3,295 hotel and motel rooms and spilling over into another 2,200 private homes.

In Toronto, the 7,000 delegates, alternates, newsmen, party wheeler-dealers and visiting firemen that compose the average national political convention crowd can get lost in the swarming human anthill of metro.

In "Bigtown" the politicians share the 28 large hotels with the Elks, Kinsmen, Farmers' Union, Steelworkers, Legionnaires, Shriners, the IODE and any other national organizations holding conventions.

Here in "Bytown," when the politicians move in—that's it's no room for anyone else.

For here, instead of 28 big hotels, there are only three, surrounded on the city's perimeter by clusters of smaller motor-hotels and motels.

So when the politicians hit old "Bytown" with a leadership or even national party convention, it's sort of stay-hi.

Like it has been stunned by a higher-than-usual voltage Grey Cup weekend.

Or maybe like they say it used to be after the spring lumber drive and the shantymen from the white pine valleys of the Ottawa, Gatineau, Madawaska and Bonnechere, ripely roaring from a winter in the woods, took the place over—and often apart.

Except that the politicians have all the fun and frolic without any of the vandalism of the turn-of-the-century shantymen or the wild ones of a football festival.

Like it was the last time, when the Tories took over and the customarily stately old-world Chateau Laurier into something of a nut house.

★ ★ ★

The agreement of the joint U.S.-Spanish bases—which include the vital nuclear Polaris submarine base at Rota on the Atlantic side of Gibraltar—comes up for renewal next September and the negotiations may well be a subject for hard bargaining.

Some observers here believe that General Franco's government is trying to throw in Alboran in a package deal. In fact, there is an American-built, Spanish-operated radar station on Majorca. U.S. authorities, however, deny that they have any interest in Alboran.

The least important part in these manoeuvres is the formally strategic, but now obsolete, British naval base of Gibraltar. The controversy over the Rock is an increasing annoyance to the Americans, and an aggravation to the Spaniards. It may perhaps provide some satisfaction to the Russians.

(OCTOBER 1968)

Fair scrambled those young McGill eggheads, they did. The campus cried, "We're the young intellectuals," they called themselves, had made the convention scene to teach their elders, such as "Tory party grandmothers like 'Big Red' and 'Doc'" and "Braw Domine" MacInnis, the facts of the university avant garde's "new world."

Just couldn't figure out how to explain the wear and tear to his good wife. And wisely, was pretty sure she wouldn't believe any story as cockeyed as his talk of the transom, even if it were, so help him Hannah, true as his black and blue.

So height he, come to next week's fair, even if you have to bunk as far away as Montreal and commute by plane, train or road.

For this is where the action is—and when you get into it you find it's more, and so live and laugh it up, than bands and balloons, bannisters, babies and And, by cracky, he did, booze.

★ ★ ★

Almost as many laughs it was as the came-mel-through-the-needle's-eye caper of another western delegate.

A goodly bunch of him-man-topping 230 pounds, he had forgotten his room key when he brought a passel of pals up for a nightcap or three.

So he wagered them \$100 he could make it through the transom, by wiggle and wriggle.

And that could be from a dozen rooms and more and a couple of corridor's distance.

★ ★ ★

When Jack's big brother, MP "Doc" Horner, and MP "Big Red" Eldon Woomalls, in their outside white Suits, stalked the "ranges" of the Chateau's corridors like a couple of ranchhands straight out of "High Chaparral," gunning for "some of them fresh young squires from McGill."

Had fun, too, did "Big Red" and "Doc," making like they each had a "big iron" on the high road to start blasting with their imaginary "Hawg's legs" when a nay of those "nice Nellies" from McGill came within verbal range.

And that could be from a dozen rooms and more and a couple of corridor's distance.

★ ★ ★

Fairly squeezing through the 10-inch-wide aperture over his door.

Dropped to the floor inside like the deadweight he was, coloring himself so black and bruise blue that he had to delay his return home for a few days.

★ ★ ★

Just couldn't figure out how to explain the wear and tear to his good wife. And wisely, was pretty sure she wouldn't believe any story as cockeyed as his talk of the transom, even if it were, so help him Hannah, true as his black and blue.

When Jack's big brother, MP "Doc" Horner, and MP "Big Red" Eldon Woomalls, in their outside white Suits, stalked the "ranges" of the Chateau's corridors like a couple of ranchhands straight out of "High Chaparral," gunning for "some of them fresh young squires from McGill."

Had fun, too, did "Big Red" and "Doc," making like they each had a "big iron" on the high road to start blasting with their imaginary "Hawg's legs" when a nay of those "nice Nellies" from McGill came within verbal range.

And that could be from a dozen rooms and more and a couple of corridor's distance.

★ ★ ★

Fairly squeezing through the 10-inch-wide aperture over his door.

Dropped to the floor inside like the deadweight he was, coloring himself so black and bruise blue that he had to delay his return home for a few days.

★ ★ ★

Just couldn't figure out how to explain the wear and tear to his good wife. And wisely, was pretty sure she wouldn't believe any story as cockeyed as his talk of the transom, even if it were, so help him Hannah, true as his black and blue.

So height he, come to next week's fair, even if you have to bunk as far away as Montreal and commute by plane, train or road.

For this is where the action is—and when you get into it you find it's more, and so live and laugh it up, than bands and balloons, bannisters, babies and And, by cracky, he did, booze.

Next Week Could See New Riots

From AP, UPI

Dr. Martin Luther King, whose march in support of striking sanitation workers at Memphis erupted into rioting Thursday, set the stage Friday for another mass demonstration next week.

"We can't allow the city to feel there will be any retreat," King told a press conference as 4,000 National Guard troops maintained an uneasy peace in ravaged sections of the city where 40 per cent of the 700,000 population is Negro.

King said he has cleared his calendar of all other commitments except planning for his Poor People's March on Washington April 22, and would call on other national civil rights figures to join him in what he called his Memphis "unity meeting."

* * *

King told a news conference that "riots are here."

"Riots," he said, "are part of the ugly atmosphere of our society now."

At the same time, one of his top aides in Washington, Rev. Andrew Young, said the main phase of the Poor People's March would be delayed for about two weeks while steps are taken to avoid violence in the nation's capital.

* * *

Young said King would arrive with a "symbolic delegation" on April 22, as scheduled, but that the first of the rank-and-file marchers will not go to Washington until May 1 or 2.

At mid-afternoon, some 500 sanitation workers and their supporters struck out in 82-degree weather in another "sidewalk" march which has characterized the strike almost daily since it began Feb. 12. About 98 per cent of the strikers are Negroes.

* * *

King did not take part in the single-file march, but returned to Atlanta where he said he would map plans before returning here in "three or four days."

He said the outbreak of violence Thursday, which left one Negro youth dead, at least 60 injured and 282 persons arrested, was "a mistake." He blamed the rioting on a "small group of young militants."

* * *

Sporadic outbreaks of violence were reported Friday, including at least one sniping incident involving a police car. There were no injuries.

Property damage on historic Beale Street and its environs, hit hardest by the rioting, was estimated at \$400,000, excluding fire damage.

* * *

Meanwhile, a controversy arose over the circumstances leading to the one death attributed to the riot, the shooting Thursday of 16-year-old Larry Payne, a Negro.

Patrolman L. J. Jones said he shot Payne after the youth attacked him with a butcher knife while attempting to loot a store.

However, three persons who said they witnessed the slaying said the youth was attempting to surrender, and had his hands in the air when the officer shoved the shotgun in his stomach and shot him.

* * *

President Johnson said the "tragic events" in Memphis have shown that a "grave peril" of race rioting threatens American cities.

He called on city police forces to "train diligently" to control riots should they occur, and reminded that federal assistance was available to cities wracked by such violence.

* * *

Two U.S. senators, Robert Byrd of West Virginia and John Stennis of Mississippi, called for federal action to halt King's planned crusade in Washington.

"If this self-seeking rabblerouser is allowed to go through with his plans here, Washington may well be treated to the same kind of violence, destruction, looting and bloodshed (as Memphis)," Byrd declared.

* * *

Sen. Edward Brooke, a Negro member of the riots commission, complained that Johnson had failed to embrace swiftly and strongly its recommendations for American cities.

"His failure to speak out within a reasonable period of time has been injurious to the report itself and to the implementation of its recommendations," said the Republican senator from Massachusetts.

* * *

He noted Johnson's own "weak statement of support" and the "rather strong attacks" on it from within his administration.

Brooke called on the president to try as hard to enlist the American people's support for the commission recommendations as he does for support of his Vietnam policies.

* * *

AP, from Saigon

U.S. supersonic F-111As were reported to have struck at North Vietnam again Friday as Hanoi radio claimed the one missing since Thursday was "shattered down" by ground fire.

Reliable sources said the F-111As bombed the southern panhandle of North Vietnam, the same area where the missing plane was assigned to targets when it vanished.

* * *

This was only four days after six of the F-111As went into action for the first time against the North.

Hanoi radio said the \$6,000-plane was shot down near Ha Tinh Province at the northern part of the panhandle. It gave no hint of the fate of the two-man crew.

* * *

After a day of little action on the ground in South Vietnam, the boom of South Vietnamese artillery and the rattle of heavy machine-guns echoed through Saigon Friday night. Vietnamese police said enemy movements were suspected outside the southern edge of the capital.

* * *

AP, from Saigon

Asked specifically about the Hanoi claim, one U.S. officer replied: "We have no evidence that at all. It's a new aircraft. We have no way of knowing yet."

Slightly improved weather Thursday enabled U.S. pilots to launch 114 strike missions against North Vietnam, the U.S. command said. Among the targets hit was Phu Yen airfield where MIG jets are based 21 miles northwest of Hanoi.

Nothing Escapes Tax Boost

Newfoundland Budget Slams on Cash Brakes

ST. JOHN'S, Nfld. (CP) — The Newfoundland government slammed on the economic brakes Friday, jolting taxpayers to the tune of \$20,000,000 with higher prices for gasoline, liquor, beer, cigarettes, and everything to which the provincial sales tax applies.

Everyone was hit, from Memorial University students, who must pass a means test in the future for free tuition and salaries, to welfare recipients who must meet stiffer tests for able-bodied relief.

BALANCED BUDGET

The business man faces a one-per-cent increase in the corporate income tax and the provincial sales tax rose to seven per cent from six.

The aim of the tax increases, together with the government's statement that it pared \$20,000,000 from original departmental estimates for the coming years, was a balanced budget instead of a \$40,000,000 deficit.

Finance Minister James McGrath, linking the problems of the economy directly to the Vietnam war and international monetary problems said: "The net sacrifice . . . is less rigorous than that of any other province."

VERY UPSETTING'

Opposition Leader Gerald Otenheimer said the budget was "very upsetting, very disappointing" in a number of areas.

"I think it has finally become rather clear that we have had 19 years of sloppy administration and now the chickens are coming home to roost . . . the people of Newfoundland are the ones who are going to suffer."

Tax increases announced Friday will be effective Monday. Major ones were:

- Corporation tax up by one per cent to 12 per cent.
- Provincial sales tax up one per cent to seven per cent.
- Liquor prices up 10 per cent and beer prices up one cent each.
- Tobacco and cigarette tax doubled to one-half cent a cigarette.
- Gasoline tax up five cents a gallon to 25 cents.

The 10 per cent increase would bring the price of most common brands of scotch and

rum to \$7.52 for 26-ounce bottle. The tobacco tax increase would boost the price over the counter for a 20-pack to 57 cents and, for pack of 25, to 62 cents. That is before calculation of the increased sales tax.

Faced with an expected out-

lay of \$2,100,000 in the coming year to pay tuition for all Memorial University students and/or salaries to enable them to those in third, fourth and fifth years, the government apparently felt the budget couldn't stand it.

The plan is to apply a means

test in the future and only those students who need tuition paid to go to university will get such benefits. The salaries are \$50 monthly for St. John's students and \$100 for those from elsewhere in the province.

Everyone was hit, from Mem-

orial University students, who must pass a means test in the future for free tuition and salaries, to welfare recipients who must meet stiffer tests for able-bodied relief.

OLIE CORBETT

Funeral Wishes Heeded

Olie Corbett's funeral Friday lasted less than 15 minutes.

"That's the way he wanted it," said Victoria businessman G. Fitzpatrick Dunn who gave the eulogy to comply with the wishes of his departed friend.

William (Olie) Corbett died Tuesday after a short illness. He had worked for The Colonist

until the formation of Victoria Press Ltd. He became manager of Island Engravers in the early 1950s and in 1962 bought an interest and became president of the firm.

Mr. Dunn said Olie would be missed in the newspaper world, which he always referred to as "The Game" but not short his eulogy to comply with the wishes of his departed friend.

Air Deal Sets Record

NEW YORK (UPI) — Lockheed Aircraft Corp. Friday landed the biggest airplane order in history, a \$2,160,000,000 deal with Eastern Air Lines, Trans World Airlines and a British company for 144 of the version of the 250-passenger aircraft.

The British firm, Air Holdings Ltd., will resell the planes it ordered outside the U.S.

In choosing Lockheed's L-1011 Airbus over the rival Airbus of McDonnell-Douglas Corp. of St. Louis, Eastern, TWA, and the British firm more than doubled the previous record order — \$800,000,000 for 50 of the McDonnell-Douglas Airbuses by American Airlines a few weeks back.

Polish Press

Zionists Under Attack

WARSAW (UPI) — Polish newspapers Friday launched a new attack on Jews, saying they shared the blame for the mass slaughter of their people in Poland by the Nazis.

The press said the Polish Jews were abandoned by Zionist Jews the world over despite their desperate appeals for help on the eve of Nazi extermination plans. The newspapers said some Polish Jews helped in the extermination by collaborating with the Nazis.

ATTACK RENEWED

The apparently co-ordinated press campaign was a renewal of an attack against "Zionists, Stalinists and Liberal Intellectuals" blamed by the Communist Party for student demonstrations and political unrest in Poland. Last week Wladyslaw Gomulka, chief of the Polish Communist Party, in a speech invited Jews to leave the country if they regard Israel as their homeland.

The newspaper Kurier Polski said Zionist leaders around the world "remained untouched by desperate appeals" from Polish Jews during the Hitler era.

"They were left without help by those leaders of the world Jewish organization who now rule Israel," the newspaper said. About 2,800,000 Jews were killed in Poland during the war, according to official estimates.

Galilee Guns Duel

Israeli Jet Force Dives on Jordan

From AP

Israel sent its dive-bombing jet force screaming over Jordan Friday for the second time in eight days, and artillery units fought a seven-hour battle from the Sea of Galilee to ancient Jericho.

Jordan proclaimed a state of emergency and blacked out its capital.

Army communiques in Amman, Jordan, claimed seven of Israel's French-built fighters were downed. Correspondents reported they saw one tumbling ablaze out of the midafternoon sky and an Israeli spokesman acknowledged the loss.

ON TRUE LINE

Tank, mortar and big-gun shelling extended 65 miles along the Jordan River truce line, but there were no penetrations such as those when an Israeli invading force of thousands rode into Jordan March 21 to wipe out terrorist nests.

The Israeli army claimed it inflicted "a number" of Jordanian casualties, while reporting one Israeli soldier killed and eight wounded. It said there were no civilians injured in attacks reported on seven Israeli farming communities in the Beisan and Jordan valleys.

CIVILIANS LEAVE

Jordan, claiming 13 villages under fire, did not mention civilian dead or wounded, but reported 90,000 people left their frontier village homes in the area of fabled near Syria. They had been warned of trouble.

Amman reported heavy troop movements on the Israeli side of the border Thursday and newspapers throughout the Arab world claimed a new attack was in preparation.

Israel, condemned by the United Nations Security Council for its attack last week, had reported five major terrorist incidents since then.

Israel fire Friday again hit King Hussein's air force by 16 Al Fatah staging base at Karameh, where Western reporters had watched guerrillas in battle dress sweeping up rubble after the March 21 raid.

A guerrilla mine explosion that killed four Israeli farmers and wounded an American volunteer preceded artillery and machine-gun attacks from Jordan leading directly to the return of fire at 11:30 a.m., the Israelis said. The jet sweeps began an hour later.

JORDANIAN CLAIM
The Jordanian version of the start of the fighting was that of an Israeli machine-gun burst at 1:30 a.m. followed by field gun barrages on the village of Um Kals, a Roman archeological site.

AP correspondent Stanley Bonnet, reporting from Jordan, said authorities there claimed the Israeli jet raids were in part to show Tel Aviv's displeasure with a U.S.-Jordan agreement which will increase.

Harry Young's Business Topics

Shell Gives Up on Island Coast

Shell Oil Canada is moving its offshore drilling rig this weekend from the West Coast of Vancouver Island, thus effectively eliminating hopes of an early oil or gas discovery in that area.

Shell has not indicated the location of its fifth well, but it is going to be a long tow, and indications are that it will be on Shell's other groups of drilling reservations in the Heceta Straits off the Queen Charlotte Islands, some 300 miles away.

Since last summer, when it went into commission, Sedco 13SF has drilled four holes off the mouth of Barkley Sound. The fourth hole was drawn at 7,988 feet. The deepest went to 12,250 feet and the shortest stopped at 7,000 feet.

LEARNED MUCH

While Shell is believed to have learned a lot from its four drill holes it is understood that none of them has given much promise of a commercial discovery of either oil or gas.

The movement of Sedco 13SF out of the general area would indicate official disappointment in what has been discovered.

Sedco was built at VMD at a cost of about \$10,000,000, and it has performed so well in rough weather that a near twin is now being built at Halifax for use by

Shell in offshore drilling off the Nova Scotia coast.

Local hopes had been running high that Shell would find a rich natural gas field off the west coast of Vancouver Island. If that had been the case the expectations were that a big inch pipeline would be built to the mainland, thus enabling Vancouver Island to tap off its

requirements of natural gas at low cost.

BANK IMPOSES CRIMPS

When gold trading is resumed Monday in London it will be on a spot cash basis as a result of restrictions placed on the operations of the market by the Bank of England.

Forward transactions will be

taboo unless by permission of the Bank and London banks may not finance the purchase of gold by non-residents by lending foreign currency, or accept gold as collateral for foreign currency advances to non-residents.

The purpose is to dampen currency advances to non-residents.

A leading bullion dealer said

the rules would have little effect

on the market which had not been trading in futures for some time. Nor had the market been used for much trading as foreign currency collateral.

TIMBERLANDS ACQUIRED

U.S. Plywood-Champion Papers has acquired 180,000 acres of timberland, a sawmill and lumber processing facilities at Camden, Texas, from W. T. Carter and Bro. for an undisclosed price.

It will raise the company's timber holdings in Texas to more than 500,000 acres.

U.S. Plywood-Champion is the parent company of Welkwood of Canada.

Natural gas production was also up 20 per cent at 240,000,000 cubic feet, and the petroleum industry spent more than \$50,000,000 in exploration and development during the year.

M. Brown said that despite

various short term problems the outlook for the oil and gas industry was favorable, and that exploration and development work can be expected to expand.

RESULTS IMPROVED

Improved profits for the nine months ended Jan. 31 are reported by Canadian Breweries although its total sales are down 3 per cent from the corresponding period a year ago.

Net earnings of \$11,336,666 (44.89 cents) compared with \$8,754,786 (\$2.03 cents) a year ago, while third quarter earnings of \$2,859,463 (10.82 cents) were better than the corresponding quarter of the previous year when they were \$2,035,628 (6.63 cents).

The drop in sales was mainly due to lower volume in the U.S. market.

SEABOARD LIFE INSURANCE COMPANY

NOTICE TO HOLDERS OF "A" WARRANTS

Seaboard Life Insurance Company would like to remind all holders of its Series "A" Share Purchase Warrants that these Warrants must be exercised before the close of business on April 15th, 1968. After this date these Warrants expire and are of no further force and effect.

Sharp Would Welcome Another Western Bank

REGINA (CP) — Finance Minister Mitchell Sharp said Friday there was nothing he would like better than to see another successful bank located in the Western provinces.

Commenting on a news conference

on the announcement that the head office of the troubled Bank of Western Canada may be moved to Regina from Winnipeg, Sharp said the government would wait until a formal application was received before making any official statement.

JOINT ANNOUNCEMENT

The announcement of the bank's intended transfer was made jointly earlier Friday by Sinclair M. Stevens, a Toronto financier, and Premier Rose Thatcher. It was stated that the transfer depended on federal approval and whether a stay of proceedings could be obtained in a Manitoba court against winding up the bank's affairs.

"This will be looked at closely," Sharp said, adding that the government would ask for explicit reasons why the bank should be revived.

"I refer specifically to the

government from sharing in the bank, Sharp said there was a maximum percentage of shares which could be held by a provincial government.

Sharp said he had been informed on the proposal in a letter from Thatcher and that there was no technical reason why the bank should not be reactivated.

Asked whether there was any clause in the Bank Act which prohibited the provincial gov-

ernment from sharing in the bank, Sharp said there was a maximum percentage of shares which could be held by a provincial government.

He said he did not believe there was anything in the act which prohibited the Saskatchewan government from lending money to the bank to get it back on its feet.

Speculator who buys parcels of land, and without any intention of improving the property, demands the maximum returns the market will bear."

Benson sharply criticized municipalities who are refusing to accept the principles of the national building code.

All Very Sad ...

Killy Clinches Cup, Flees Slopes

ROSSLAND, B.C. (CP) — Jean-Claude Killy Friday wrapped up his second World Cup ski title and slipped away from the Red Mountain ski meet for Detroit, a vacation, and later a crack at racing driver's career.

The 25-year-old French super-star had two ways to take the cup: place in the slalom

Friday or watch Gerhard Neunig of Austria lose a race. Killy chose the first, taking first place in his usual powerful style.

The race was billed as Killy's last amateur appearance but his coach said he may just turn up at Heavenly Valley, Calif., April 6 and 7.

However, Killy said the race

here was his last and added "It's very sad."

He went into the meet with 126

World Cup points and came out

on an unofficial basis with 200.

FIRST RUN FASTER

He covered the first 61-gate

run in 51.33 seconds and the sec-

ond, a 57-gate course in 51.52 for

a total time of 1:02.85.

"It's nice to win, of course,

but we had all known it would be very difficult for Neunig to beat me."

For a chance to do it, Neunig would have had to win the slalom and giant slalom here

and again at Heavenly Valley.

Unofficial results put Jean-Pierre Auger of France second with times of 51.20 and 51.32. Rick Chaffee, 23, of Burlington, Vt., U.S., slalom and giant slalom champion, was third in 51.54 and 51.84.

Boston Goal Judge Admits Potentially Costly Error

BOSTON (CP) — A National Hockey League goal judge admits he made a mistake Thursday night that might cost the Boston Bruins \$500 a player—the difference between finishing second and third in the eastern division.

The judge, Berrie Bailey, said a newspaper photo (see photo) shows that a shot taken by Phil Esposito against the New York Rangers actually went into the net past goalie Ed Giacomin.

Bailey did not flash the light indicating the goal. He said he figured the puck had hit a post.

The Bruins protested to no avail and referee John Ashby upheld the goal judge.

The Rangers went on to score a 5-4 victory and virtually clinch second place. Second place is worth \$1,250 to each player and third place is worth \$750.

The error might prove even more costly for Esposito who no doubt would have received credit for the goal and would then have been only two points behind leader Stan Mikita of Chicago in the scoring race.

A goal and an assist for which he did not credit put him into a tie with Gordie Howe of Detroit for second place.

The NHL scoring champion receives \$1,000.

Bailey is not a salaried employee. He receives two complimentary tickets to each game for his duties.

Jacklin-Sanders Lead But Palmer Charging

JACKSONVILLE, Fla. (AP) — Tony Jacklin, a young British golfer charging from obscurity into the limelight, pulled into a first place tie with Doug Sanders at the halfway point in the Greater Jacksonville open Friday.

Both were 11-under-par at 133. Jacklin put together a 53-50-65 in the matched Sanders' first day score. Sanders' putting skidded and he shot 55-53-68.

The two leaders were hard pressed by Georgian Hugh Major, one stroke back at 134 after a 66 and by Arnold Palmer, who delighted his thousands of followers with one of his old-time charges to a 65 and a 135 total.

Tied with Palmer was Al Balding of Toronto, Chi Chi Rodriguez, DeWitt Weaver Jr., and Gardner Dickinson.

Jack Nicklaus, on the verge of missing the 36-hole cutoff, changed his putting stroke and caught fire on the last nine. He survived with a 142. It took 143.

James Bay Expands Track Plans

JAMES BAY ATHLETIC ASSOCIATION is going into track and field in a big way this year.

The club has appointed Rod Ryan chairman of its track and field committee and Ed Fouquer as coach and embarked on a campaign to raise \$2,500 for a track and field fund.

The money is to be used to send the JBA team, which now numbers 38 young athletes, to 17 provincial meets during the next few months. Plans call for the best of the JBA team to be sent to the Canadian age-group championships in St. Lambert, Que., later this year.

Comox Wins Hoop Crown

Comox airmen proved far too good in the two-day Zone 1 Canadian Armed Forces basketball championship, which concluded Friday at CFB Esquimalt.

The Up-Islanders went through the tournament unbeaten, winning five straight games in a competition which started with a round-robin series for position in the knockout finale.

Comox defeated fourth-place Ladner, 65-51, in the semi-finals and then trounced Esquimalt, 86-83, in the final with C. Vandeman scoring 25 points and A. Jerven scoring 23.

Esquimalt reached the final with a 66-63 win over Queen's Own Rifles.

United Church Dedication Has Ecumenical Flavor

Services of dedication with an ecumenical flavor were held in the new sanctuary of Cadboro Bay United Church at 11 a.m. and 3 p.m. last Sunday on the 10th anniversary of the congregation.

Both services were identical except for some of the people taking part.

A period of silence after the organ prelude was broken by the minister, Rev. Leighton Straight, knocking on the main door of the church.

Clerk of the roll James Robertson opened the door on behalf of the congregation and said, "In the name of this congregation, I bid you welcome, and humbly request that you come into this sanctuary to dedicate it to the glory of God."

Mr. Straight entered and said a prayer.

"Peace be to this house and all that worship in it. Peace be to those that enter and to those that go out from it. Peace be to those that love it and that love the name of Jesus Christ our Lord."

Mr. McInnes took the key and placed it on the communion table.

At the 3 p.m. service Rev. Patrick Ratchford of the Roman Catholic Thomas More Centre at Gordon Head said a prayer.

Rev. Max Warne, superintendent of home missions, read from the scriptures. Mr. McInnes then proceeded with the prayer of consecration and the declaration of dedication.

Also at the 3 p.m. service, Dr. N. S. Noel, rector of the Church of St. George the Martyr, gave a message of greeting and goodwill.

so in the name of the United Church of Canada. He then asked the president of the B.C. conference of the church, Rev. Dermott McInnes, to dedicate the building.

Mr. McInnes took the key and placed it on the communion table.

At the 3 p.m. service Rev. Patrick Ratchford of the Roman Catholic Thomas More Centre at Gordon Head said a prayer.

Rev. Max Warne, superintendent of home missions, read from the scriptures. Mr. McInnes then proceeded with the prayer of consecration and the declaration of dedication.

Also at the 3 p.m. service, Dr. N. S. Noel, rector of the Church of St. George the Martyr, gave a message of greeting and goodwill.

In Indian Village

Victorian Sees Mission Started by Grandfather

By DON GAIN

A 22-year-old Victoria man is visiting the mission in India founded by his grandfather 100 years ago.

Joseph Haegert, 1516 Pembroke, this week received a letter from his son Peter who is working his way around the world and decided he wanted to see where his father was born.

★ ★ ★

The mission, called Bethel Santhal, is in the village of Kharibana in Behar, which used to be Bengal, in India.

"When I lived there, it took 3½ weeks to get there from Calcutta," J. o s e p h H a e g e r t

said Friday. "It took my son only 1½ days by bus."

The younger Haegert was given a ceremonial welcome when the townspeople found out he was the grandson of the founder of the mission.

"The chief of the village assembled the people and had a great meeting of welcome," his father said. "They told him what a brave woman my mother was. Some remembered her. Others had heard of her. She was Irish."

The founder was Albert Haegert of Anklam, Prussia, son of a Prussian general.

Educated in various parts of Europe, he spoke 17 languages. He took medical

training and studied tropical diseases at Guy's Hospital in London, England, his son said.

An adventurous man, he travelled extensively and was one of the first white men to get into Tibet.

★ ★ ★

A religious man, he built the mission in Kharibana and settled down there to devote the rest of his life to healing the sick. He died at the mission at 64.

An older brother was a doctor and served with him. The mission had the approval of the Society of Friends. It was eventually taken over by the American Lutherans who still run it.

In City Churches

Window Honors Couple

A large stained glass window will be dedicated at the morning service Sunday in St. Andrew's Presbyterian Church in memory of well-known Victorians Duncan and Beatrice Campbell.

The window, a gift of the family, will be unveiled by their grandson, Duncan Dyer, and will be received on behalf of the congregation and dedicated by Dr. J. L. W. McLean. Mr. Campbell, a well-known druggist, built the Campbell Building at Fort and Douglas in the early 1900s.

□

The festival of religion and the arts at First United Church ends this weekend with The Folk Singer Prophets, a program of records and a sermon by Rev. Marvin Fowler at 7 p.m. Sunday in the chapel. The exhibition of works by Victoria painters and sculptors and from the permanent collection of the art gallery continues from 1 to 4 p.m. and 7 to 9 p.m. today and from noon to 4 p.m. Sunday.

□

Self-help action by low-income families will be discussed by Mrs. Donna Langstaff and Reg Clarkson at the 9:30 a.m. service in the Unitarian Church of Victoria. Victoria artist John Doberleiner will speak on Art: Our Mirror to Society at the 11 a.m. service.

□

Officer cadets of Royal Roads Military College hold their annual church parade Sunday. The cadet wing will attend church services at 11 a.m. Sunday at Christ Church Cathedral and St. Andrew's Cathedral.

□

Sunday is World Hunger night

at St. Luke's parish hall. Three groups of the Anglican Youth Movement — St. Luke's, St. Barnabas and Christ Church Cathedral — will hold a supper, show film and demonstrate their program through a special role-playing project. Supper is at 6 p.m. and reservations should be made by phone at 382-9519.

□

A special singing service of worship will be held at 7:30 p.m. Sunday in Centennial United Church when the Victoria Sing Out group, made up of young people from various city churches, takes over for the evening.

□

The choir of St. Andrew's Presbyterian Church will present a Lenten cantata, The Darkest Hour, at 7:30 p.m. April 7 in the church.

□

The last of a series of four cooperative services between Fairfield United and St. Matthias' Anglican Churches will be held in St. Matthias' at 7:30 p.m. Sunday.

□

Noonday services during Holy Week at Christ Church Cathedral will be conducted by Dean Geoffrey Flagg of Caledonia. The dean will also conduct the three hours of devotion on Good Friday from noon to 3 p.m.

□

The choir of St. Andrew's Presbyterian Church will present a Lenten cantata, The Darkest Hour, at 7:30 p.m. April 7 in the church.

Response 9-1 for Minister

Anti-War Stand Backed

Criticism of the U.S. role in Vietnam by Rev. R. J. D. Morris is drawing 90 per cent approval in response to date, the minister said Friday.

In a sermon which was later broadcast over a Victoria radio station, Mr. Morris told his congregation from the pulpit of First United Church that "the things that are happening in Vietnam are among the most ugly, atrocious, evil things that have ever happened on the face of this globe."

They are happening, he said, in the name of the neighbor that all of us love and all of us agonize over today.

U.S. ACCUSED

He accused the U.S. government of flouting international law and the United Nations.

"The U.S. involvement, on a carefully documented basis, is immoral; it is illegal . . . The U.S. is guilty of the same kind of atrocities we condemned the Nazis for in the Nuremberg trials. It is not weakening communism, but strengthening it."

And what is it costing, he asked. The cost is \$30,000,000 a day in a world where the real problems are poverty, hunger, disease and ignorance, where communism feeds on these things and where the answer to communism is to take away the things it feeds on.

TOURISTS PRINTED

Mr. Morris said Friday that 3,000 copies of his sermon are printed and most of them have been requested.

Attached to it is a petition to the government of Canada which urges that we stop supplying military supplies to the U.S. for use in Vietnam.

The petition also calls for Canada to give assistance to civilian personnel of both North and South Vietnam, to urge immediate cessation of the bombing of North Vietnam and to call for a special session of the UN General Assembly.

PEACE MACHINERY

He would like to see the General Assembly set up the machinery for an immediate ceasefire, arrange negotiations for a phased withdrawal of U.S. forces in harmony with the Geneva Agreement and the replacement of these forces with an international force for peace and rehabilitation in cooperation with a government freely elected by all the Vietnamese people.

"There has been considerable criticism of my sermon," Mr. Morris said, "but response is running 90 per cent in favor."

REASONABLE VIEW

He said the most reasonable adverse criticism is coming from people who fled eastern European countries because of communism and feel that the war is necessary to stop its spread.

The home-based criticism, he said, is from those who simply cannot understand how we can disagree with our good friend to the south.

Youth Choir Here Soon

A choral group of 22 young people from Biola College in La Mirada, Calif., will give a sacred music concert at Emmanuel Baptist Church, 1900 Fernwood, at 8 p.m. April 10. Biola College is a Christian college offering majors in many fields of study.

Librarians To Meet

Development of a co-ordinated provincial library system will be discussed May 3 to 5 when about 200 members of the B.C. Library Association meet at the Empress Hotel.

The association, numbering 513 members, is composed mostly of librarians but admits anyone interested in the improvement of libraries.

Noonday services during Holy Week at Christ Church Cathedral will be conducted by Dean Geoffrey Flagg of Caledonia. The dean will also conduct the three hours of devotion on Good Friday from noon to 3 p.m.

□

The choir of St. Andrew's Presbyterian Church will present a Lenten cantata, The Darkest Hour, at 7:30 p.m. April 7 in the church.

□

The last of a series of four cooperative services between Fairfield United and St. Matthias' Anglican Churches will be held in St. Matthias' at 7:30 p.m. Sunday.

□

"The way I look at it," he explained, "is that I am agreeing with those people in the U.S. who are against the war. And certainly we have a right to disagree. This is what freedom is all about."

There has been criticism that the minister is talking about an issue which is not relevant to spiritual masters, that he should stick to his knitting."

CRANK CALLS

"On the contrary," Mr. Morris said, "the well-being of all people is exactly a spiritual matter."

Mr. Morris was guest on an open-line radio show and received only a few abusive calls then and on his own phone.

"But these were just crank calls," he said.

In his sermon, he said the cost of one month of this war could provide four years of training for 189,000 teachers, 125,000 nurses and 50,000 doctors

as well as a college education for 100,000 students who could not otherwise afford it.

For the cost of four months of the war, the U.S. could replace 1,000,000 of its 4,000,000 standard homes.

For the cost of nine months, it could build 286,000 elementary and secondary school classrooms in the world and equip 656,000 hospital beds.

Mr. Morris took these figures from the Friends Committee on National Legislation, quoted by Robert McAfee Brown in a book, Vietnam: Crisis of Conscience, by Mr. Brown, Abraham Heschel and Michael Novak, Behrman House, 1967.

More than 1,000,000 children

U.S. support of Vietnam is Eisenhower's of 1954, subsequently honored by both Kennedy and Johnson, but this pledge specifically states that this support will be offered subject to the capacity of the Second World War.

"There is nothing in the SEATO pact pledging the U.S. to intervention in Vietnam and Vietnam is not a signatory of that pact."

"The only statement pledging

Italian Nobility Stripped Of Vatican Privileges

VATICAN CITY (AP) — Pope Paul VI replaced them with a modern system of administration. Roman nobility of all its privileges in the Vatican and opened the way for Italian or non-Italian commoners to be named members of the pontifical court.

A decree effective immediately scrapped the centuries-old pageantry and splendor which have surrounded the papal court. The colorful Swiss Guard and Noble Guard at the Vatican will

be retained, but more modern uniforms will be designed for the Swiss Guard and the Noble Guard will be called the Honor Guard of the Pope. The Honor Guard previously made up of Roman nobility, now will be open to commoners.

FIVE-YEAR TERMS

No offices of the papal household will be hereditary as most have been. All offices will be for five-year terms.

The new rules deprive the nobles of many privileges which went with their roles in the papal court.

They will no longer be entitled to use a Vatican City state license on their cars, allowing them to avoid Italian taxation on vehicles. They will lose the right to buy tax-free gasoline and tax-free liquor, cigarettes, imported food and clothing at the Vatican commissary.

MODERN MUSIC

"In place of the regular service, readings in modern English that authentically tell of how Judas betrayed Jesus, the false trial and trumped-up charges, will be read by members of the congregation. Related music will be sung between the readings."

Modern music to be sung includes works of Geoffrey Ainger, Sidney Carter and Paul Abels. The church choir will sing traditional music such as J. S. Bach's "The Pastoral Chorale and A Lamb Goes Uncomplaining Forth and Mozart's Ave Verum. The modern

Unique Service

Modern Words, Music

A combination of traditional and modern music will highlight a special service in St. David-by-the-Sea Anglican Church at Cordova Bay at 10:30 a.m. Sunday.

"The account of Jesus' arrest, trial and crucifixion will be realistically told," the rector, Rev. Gordon Walker, said Friday.

THE BETRAYAL

"In place of the regular service, readings in modern English that authentically tell of how Judas betrayed Jesus, the false trial and trumped-up charges, will be read by members of the congregation. Related music will be sung between the readings."

Modern music to be sung includes works of Geoffrey Ainger, Sidney Carter and Paul Abels. The church choir will sing traditional music such as J. S. Bach's "The Pastoral Chorale and A Lamb Goes Uncomplaining Forth and Mozart's Ave Verum. The modern

music will be sung by the boys Arnott, a young English priest on the training staff of Sorrento

Lay Training Centre on Shuswap Lake. He will describe the work at the centre.

music will be sung by the boys Arnott, a young English priest on the training staff of Sorrento Lay Training Centre on Shuswap Lake. He will describe the work at the centre.

The congregation will sing well-known Easter hymns. Speaker will be Rev. David

Arnett, a young English priest on the training staff of Sorrento

Lay Training Centre on Shuswap Lake. He will describe the work at the centre.

The annual junior choir festival sponsored by the Victoria chapter of the Royal Canadian College of Organists will be held today in Centennial United Church, starting at 8 p.m. The program includes 12 choirs with approximately 260 members.

DATSON PICKUP

the tough customer

for the tough customer.

1. easily hauls a ton
2. light on gas
3. 100,000 mile reliability
4. low on maintenance

\$2095

SUGGESTED RETAIL PRICE P.O.E.

The Datsun Pickup is for people who like to drive both a hard bargain and a good truck. It packs a bonanza of practical features into a commonsense price. The Datsun Pickup has a spunky overhead valve engine. It not only effortlessly moves the truck along at freeway speeds but has plenty in reserve when the load is heavy and the going rough. (This is the same power plant that won Datsun the 1967 Canadian Rally Championship, so you don't have to baby it.)

On the six foot bed you can park a full ton of anything and expect the pickup to haul it day in and day out... with real gas economy. And 100,000 mile reliability is no fiction. We know of a man in California who has put 175,000 miles on the clock without ever having a major repair. In 1967, Datsun sold 14,000 pickups in the U.S. more than all other import trucks combined.

Other things you get for your investment are a full synchromesh 4-speed shift, battery-saving alternator, vinyl interior, heater-defroster, windshield washers, seat belts, twin outside mirrors and 6-ply whitewalls.

So come on. Be a tough customer. Datsun's.

Fully equipped 4-berth camper or multi-purpose canopy top available.

a good idea - made better

Brokerage Firm Convicted

VANCOUVER (CP) — Waite Reid and Co. Ltd., a Vancouver brokerage firm, Friday was fined \$18,000 when found guilty on six counts of theft of securities from its customers.

No one appeared for the firm during the trial and no defense was entered.

The firm was accused of illegally pledging as collateral for bank loans an estimated \$11,300 in securities owned by six customers. The court was told securities of 82 customers in total may have been similarly involved.

MEET OBLIGATIONS

Witnesses said customer securities left for safekeeping were pledged by the firm for bank loans and the bank later sold the securities to meet the firm's obligations.

Martin Lindsay, who conducted an investigation for the Securities Commission, said pledging of securities it did not own was the result of a "complete breakdown of its accounting system."

He said securities fully owned by customers were placed in a "free box" instead of the "safekeeping box" and ended by being turned over to the bank as collateral.

EATON'S

VIKING Washers and Dryers
give you 1968's
most wanted features . . .
and you pay a lot less!

Largest cubic foot capacity tub on the market—gives 18 lbs. dry wash . . . lots of room to move around . . . means cleaner wash.

New infinitely variable water level selector and gauge saves water and detergent . . . lets you do big or small loads economically.

Tumble drying with anti-wrinkle cool-down cycle on all dryers makes most ironing easier . . . keeps press in Permanent Press.

Here's Eaton's complete Viking 1968 automatic laundry line. You get all the plus-features, including new look of fashion, at moderate prices. All washers and dryers have safety doors that shut off when doors are open. Backed by Eaton's guarantee, with our Research seal of approval on every model—your assurance of lasting quality.

Viking Automatic 3-Speed Washer has 7 push-button programs to handle any load, with 2 special Perma-Press settings, optional soak cycle, cold water wash, extra rinse. 5 water temperatures, bleach dispenser, "softener" dispenser. Model W68B-3NS. Each **369.95**

Companion Multi-Cycle Dryer offers push-button control for 8 programs; air fluff, cool-down, buzzer. Model D68B. Each **239.95**

Viking 2-Speed Automatic Washer has push-button control for 6 programs—delicates, denims, wash 'n' wear, Perma-Press and regulars. 4 water temperatures, dispenser. Model W68J-2NS. Each **329.95**

Companion Dryer has 6 push-buttons to match any fabric; also no-heat setting. Fluorescent light and interior light. Model D68J. Each **199.95**

Viking 2-Speed Automatic Washer gives you 4 wash cycles and a choice of 5 water temperatures. Has Permanent Press cycle. Model W68F-2NS. Each **299.95**

Companion Dryer features manual timing with infinitely variable temperature selections, interior light. Model D68F. Each **189.95**

Viking Single Speed Washer has dials for 3 wash programs and 3 water temperatures. Even on this economy model you have infinitely variable water level selector, large tub. Model W68A-INS. Each **269.95**

Matching Dryer has manual timing with 3 temperatures. Model D68A. Sale, each **174.95**

Suds Save Optional available on all above automatic Viking Washers at 20.00 extra.

No-Stopping Rule To Start Monday

A no-stopping rule will go into effect Monday on the east side of Douglas Street from Belleville to Queens between the hours of 4 p.m. and 6 p.m. Monday through Friday.

Auxiliary policemen were out Friday distributing circular letters to all merchants in the area who were asked to inform their customers.

By the end of next week, the city traffic department said Friday, all peak traffic no-stopping zones will be standardized on a 4 p.m. to 6 p.m. basis.

* * *

Formerly, in some areas, such as that on the east side of Government between Humboldt and Fisgard, the no-stopping period is from 4:30 p.m. to 5:30 p.m.

This area police will be out next week warning motorists to move their cars before 4 p.m.

Mystery Solved For \$2

She isn't too sure of what she is going to do with it, but at time of Victoria Jaycees mystery auction Friday night bidding on old fashioned butter churn seemed like good idea to Roberta Dunck, 391 Ansell. Professional auctioneer Stan Parker of Lund's figured she got bargain for her \$2 bid. Among items bid at auction to help raise funds for new White Cross Centre for Canadian Mental Health Association were antique clocks, old radios, kitchen items, corn liquor jugs, old books and 1935 typewriter in working order. — (William E. John)

Demand for School Echoed for Bruch

Determined to have their questions answered on the replacement of dilapidated Victoria West elementary school, PTA members have arranged another meeting with Social Credit MLA Herbert Bruch.

He left a previous meeting without answering questions, pleading that he was due at the legislature where he is deputy speaker.

Parents have asked that the new school planned for the district be released from the current freeze on school construction because they say the present structure is unsafe for their children.

In addition to Mr. Bruch, a representative from the fire marshal's office will attend the meeting in the school at 7 p.m. Thursday.

Peter Bunn, Greater Victoria school board chairman and other school trustees will also attend the meeting. The moderator will be Rev. Patrick Ratchford, of the Thomas More Centre.

"We're not satisfied that the school is safe, and we're not prepared to let the matter drop," said PTA president Mrs. R. T. Specht, Friday.

"We have many welfare and low-income families in this area, who can ill afford increased taxes, but they voted for the last school referendum to protect their children."

"The children from these families have enough strikes against them, without having to go to the most decrepit school in Victoria," she added.

"I can't understand why \$8,000 more should be needed this year," said Mayor Hugh Stephen. "It seems to me that everything that could happen to a fountain did happen last year."

An item of \$10,240 for flower baskets went through without controversy.

City Manager Dennis Young, commenting on the elimination of the spring planting of daffodils in the baskets next year, said that there was a strong reaction from the merchants.

However, when he suggested that they might like to carry the burden themselves, no more was heard from them.

LAKE PATROLS

Aldermen were willing to go along with life-guard and fire patrol costs in Thetis Lake Park but no further.

It is entirely unrealistic to see Victoria taxpayers carrying the load for the park when it is used by the whole district, said the city manager.

He suggested a policy of strict retrenchment and members of the committees agreed.

Progressive Educators Under Fire

Public Must Call Shots

By STEVE RAFFERTY

Allowing an elite group of trained educators to determine the goals and aims of education would be a surrender to fascism Dr. Max Rafferty warned Friday.

He described progressive education as "a disease that started south of the border 30 years ago and spread throughout the land."

Speaking on crisis and development in progressive education, California's superintendent of public instruction, drew 200 faculty and students to a lunch-hour address at the University of Victoria.

He said the goals of education must be decided by the

public. Educators should be concerned with the problems of how to make the public's desires part of the education system.

"In the last generation a difference in educational values has developed between parents and educators," he said.

"Surely if education is to have a future it must reflect the desires of the great public which populates the schools."

Dr. Rafferty said parents are concerned with having their children trained to be "civilized, patriotic citizens who can speak good English." These aims are not being

fulfilled by the system of progressive education which was implemented throughout the U.S. during the 1930s, he said.

Progressive education "warred on competition" and neglected the basic skills which older educationists believed necessary, Dr. Rafferty said.

"All this was done in the name of democracy — the shibboleth of the U.S.A." he said.

"The mastery of basic skills began to erode and dribble away. In place of these building blocks, which were the bulwark of education for centuries, we substituted ...

all kinds of gaudy little balls which we juggled with the flair of W. C. Fields at his best."

* * *

He said the system prided itself on such things as "group dynamics" and "life adjustment" at the expense of old methods of learning, simply because educational researchers had suggested them.

"Findings which fly in the teeth of common sense are for the birds," he said, quoting what he called "Rafferty's First Law of Educational Research."

But he said the system of

progressive education is due for major overhaul and a return to older proven methods.

After the Russians jumped into the lead in the space race with the launching of the Sputnik, the American people subjected their system to a "quiet but devastating critique of senior secondary education."

As an alternative to progressive education, people are looking to education in depth, he said.

Education in depth is "learning to use the tools which the race has learned over the centuries as indispensable," Dr. Rafferty said.

Hand Outstretched for Charity

Big Tin Cup Needs \$300,000

Ailing, Not Poor Gain by Drives

By JOHN MATTERS

A huge tin cup—something which will take \$300,000 before it is filled—is held before Victorians by an assortment of health and medical charities.

The calculation was made Friday, and it is only one of fund drives now in progress.

The figure does not include any fund-raising drives planned later in the year, or the results of successful campaigns so far this year.

The preponderance of campaigns, each by an organization camping on a specific disease or ailment, has some of the groups worried about their chances of success.

They also are asking questions: Will the symbol of progressive medicine forever be the outstretched hand? To what degree should the health of this community depend on charity?

Worthiness Admitted

There are no quarrels over the worthiness of the campaigns which are now asking Victorians to reach for their pocketbooks. There also can be no debate over whether the drives have overlapping objectives.

The largest campaign is for \$250,000, the local share of a badly-needed new building for the Handicapped Children's Clinic. So far, it has collected about \$121,000.

Next is the Conquer Cancer Campaign, which is asking for \$60,000 during the coming month.

The A. W. Tooms memorial burns unit proposed at St. Joseph's Hospital needs at

least \$50,000. The campaign probably has raised less than \$5,000 so far, a figure which does not include a grant from the city.

The Queen Alexandra Solarium for Crippled Children next month will be asking for \$25,000, just to keep the hospital in operation.

In the meantime, the Crippled Children's Society of B.C. houses householders will return about \$20,000 from the Easter Seal envelopes which have dropped through the doors and the Canadian Mental Health Association expects to raise about \$2,500 for a new White Cross Centre, which is used for the rehabilitation of mental patients.

Exciting Technique

The Victoria Rotary Club aims to find about \$15,000 to enable St. Joseph's to extend the services of its radioisotope laboratory, one of the most exciting diagnostic techniques in medicine.

What are the chances of getting that money? If the most recent major campaigns are any index of success, the chances are good.

The Heart Fund raised virtually all of its \$55,000 objective on Vancouver Island and the Rehabilitation Foundation was exceedingly happy with the \$40,000 it collected during the Mothers' March.

However, the current public campaigns are on behalf of only a fraction of the health agencies which depend on charity for their support.

Others that are members of the Red Feather-Red Cross United Appeal are Canadian Arthritis and Rheumatism Institute, Canadian National Institute for the Blind, Retarded Childrens Association, Muscular Dystrophy Association, and the Multiple Sclerosis Society.

In addition, hospitals such as Royal Jubilee, St. Joseph's and Resthaven are always looking for donations to buy new equipment. For example, Royal Jubilee last year was the recipient of about \$46,000 in cash gifts.

Then there are things like the TB Christmas Seals and, now, the licence plate tags for key chains being distributed by the veterans with chest disabilities.

Government Problem

The majority of the appeals are concerned with health, medical care and medical research.

City Manager Dennis Young, commenting on the elimination of the spring planting of daffodils in the baskets next year, said that there was a strong reaction from the merchants.

However, when he suggested that they might like to carry the burden themselves, no more was heard from them.

LAKE PATROLS

Aldermen were willing to go along with life-guard and fire patrol costs in Thetis Lake Park but no further.

It is entirely unrealistic to see Victoria taxpayers carrying the load for the park when it is used by the whole district, said the city manager.

He suggested a policy of strict retrenchment and members of the committees agreed.

Cancer Drive Opened

Greater Victoria's Conquer Cancer Campaign was launched Friday morning when Mayor Hugh Stephen signed proclamation in City Hall to open the drive to raise \$60,000 from area residents during April.

Apartment

Petition Protests Zone Bid

A petition, signed by more than 60 per cent of affected taxpayers, and objecting to a proposed Esquimalt rezoning was deposited in the municipal hall Friday.

The petition was circulated by John Voss, 870 Phoenix.

It opposed a proposal to rezone an area bounded by Craigflower, Colville, Lampson and Phoenix, from two-family to multiple zoning.

The proposal was made as a result of an application to build an apartment house in the block.

At a public hearing March 18 taxpayers said they had been unable to obtain information on plans for the apartment.

PEOPLE WORRIED

Council agreed that information should be made available.

Mr. Voss said Friday he has seen plans for a 60-suite apartment building in the municipal hall.

He said they are worried about their own property values, as an apartment "in the backyard" would make further development in the area expensive.

fore going to Vancouver for three days.

Mr. Ambler is not a stranger to Victoria, since he made a trip up here in November, when the news of the closure of the shipbuilding division of the Victoria Machinery Depot was made public.

The yard has 2,500 men and is aiming for 3,000. Mr. Ambler said he had a blank six-month permit for workers, and an extension for another six months.

After that, if the workers were satisfactory and wished to stay, he said, the company would do everything within its power to help them over the hurdles of immigration.

Big Job for Saanich

Forward View Vital

People who have to work on the mainland 20 years from now will probably live on Vancouver Island and commute by hovercraft, helicopter or bridges, Saanich Coun. Edith Gunning said Friday night.

And it is only by far-sighted land policies that the Island can be kept as beautiful as it is now for these people, she said.

Mrs. Gunning was speaking at the annual banquet of the Saanich Municipal Employees' Association. She cited extensive parks development in Saanich as one such far-sighted policy.

Mrs. Gunning said the waterworks superintendent in

A native son of Saanich, he attended the original North Dairy school, the reeve said.

"He is one of the most popular guys who has worked for the municipality," he added.

Mrs. Greenwood was given a spray of flowers.

Presented with 20-year certificates and long-service pins were Leon Lefler of the waterworks department and deputy clerk Alan Ford.

Retiring association president Reeve Hugh Curtis referred to Mr. Greenwood's long service, dating back to 1935 when he joined the fire department. He became

PERSONAL MENTION

By Dorothy Wrotnowski

Members of the Municipal Chapter IODE are looking forward to welcoming delegates from all over the province when the Provincial Chapter holds its annual meeting here next week.

Opening ceremonies will take place at the Empress Hotel on Monday evening.

The Honorable Lieutenant Governor and Mrs. Pearkes will attend the formal opening.

Earlier in the day His Honor and Mrs. Pearkes will give a small luncheon at Government House for Miss Jean Gomme-Duncan, who is secretary to the Victoria Cross Association in London. Miss Gomme-Duncan is at present on a world wide trip.

Rose-Marie Cardot of the

Coq au Vin who has only been in business since last November has already chalked up a first.

And it's a big first. The Gourmet Club of Victoria will be dining there on the evening of April 8. And they are more than a bit choosy where they dine.

The first part of all this is that Rose-Marie will be the first woman chef to cater for one of the Gourmet dinners.

Famous Fish Soup

The kitchen at the Coq au Vin hardly deserves the name it is so small. I honestly can't see how they can turn out more than short orders but they do — and of the best.

On the night of the Gourmet Club dinner the Coq au Vin will be closed to other diners. The place is not large enough to accommodate any more.

Besides, when Rose-Marie Cardot is preparing a special dinner for 16 she hardly would have time to do much else.

The preparation and cooking of good food takes time, says Rose-Marie. And she should know having operated a place in France where cooking is considered an art. And is. Highly competitive, too.

On the menu for April 8 will be boulabaisse, the famous south of France fish soup, saumon Normande, salmon served with a special cream sauce containing mushrooms, Coq au Vin, the specialty of the house, but on this occasion it will be flamed with cognac and croque-en-bouche. This

dessert is made of small round puff pastry, dipped in icing and placed together forming a pyramid in shape. Each "bite" has a different liqueur for flavor. A surprise, says Rose-Marie.

The waitresses will have their new uniforms by the night of the dinner. Denise who has only been out from France for about a month is making great headway in English but she still adds plenty of French flavor.

The new uniforms are little peasant dresses, with square cut necklines and little puff sleeves of red material with small floral design in blue and yellow.

Their white Swiss lace aprons are from France, the material, I mean, and the same lace will show below their full skirts.

"You call this lace, Swiss, in France we call it Anglais lace. I wonder what the English call it," says Rose-Marie.

Copy Out Recipes

Rose-Marie is making the lace prettiness herself. And she knows how. When she first came West Rose-Marie had a dress designing shop in Vancouver.

"You can have the dress business, I'm going to stick to the restaurant business from now on." She's emphatic about this.

Among other things she found trying about the dress business in this country was women expected, free of charge, to have their clothes adjusted to their weight problem, either up or down.

At the "Witches Cauldron," Rose-Marie has that beautifully illustrated gourmet cook book put out by Mary and Vincent Price containing recipes they collected around the world. It seems to be of much greater interest to the

Wish Her to Win

Each shop will show their clothes in a "scene" with appropriate music and decor and there will be clothes for every age and taste ranging from the scene called "Psychopath" to Madame Elegance.

During the interval Mr. Carl Hare of the University Theatre Division will stage an Improvisation using members of the theatre group.

We hope to have full houses for both performances on Friday, April 5, the afternoon at 2:30 and the evening at 8.

That gorgeous looking girl, Willow Veano, who this year wears the crown of Miss Royal City has received a special invitation to enter the Miss Dominion of Canada Beauty Pageant at Niagara Falls on July 1.

Willow used to live in Victoria so there will be a lot of her friends here who will be wishing her to win.

The only thing that sometimes bothers Arnold Wright about his new home in B.C. is that he can't see far enough.

This is easy to understand when I tell you his home before had always been in Moose Jaw. It isn't at all unusual for prairie people to feel this way when they first come here to find hills and mountains often blocking the long range view.

Arnold and wife, Mary and son, Brian made the big move last September when they bought the Malahat Chalet. They have never done anything like this before. "I have been in the car business since that time I left school" says Arnold.

Mary Wright says the work started soon after they arrived but now they are awaiting the start of the tourist business to see what it really will be like in their mountain home.

One thing that has amused Arnold Wright during the past winter has been the weather and driving conditions on the Malahat. Of course, he is used to driving in snow and finds it hard to understand our natural awkwardness in the white stuff.

—Jim Ryan

Drug Bill Stalling Annoys Consumers

OTTAWA (CP)—The 20,000 member Consumers' Association of Canada Friday expressed disappointment at the federal government's "apparent intention" to postpone action on its drug bill.

The association said in a statement there are elements at work to defeat efforts aimed at increasing competition in the drug industry while

their campaign "could weaken the resolve of a new prime minister to support early passage of this legislation."

* * *

The bill should be passed immediately, now that the urgency of a parliamentary recess has been reduced by permitting Liberal leadership candidates to campaign while

the Commons is sitting, the association said.

The New Democratic Party has been extending debate on routine spending estimates in the Commons in an attempt to force the government to bring on the drug bill before the April 4-6 leadership convention.

Government spokesmen have said, however, that the bill could involve several days of debate and will have to wait until Parliament reassembles.

Beauty Cleansing The Skin

Many of the world's most beautiful women attribute the clear, firm, loveliness of their complexion to the toning qualities of a special lemon cleanser that floats away all beauty-robbing impurities without depriving the skin of its natural beauty. The complexion immediately reflects the rewarding benefits as the cleanser is smoothed over the skin. Dry, ageing lines are eased and the skin becomes clear and radiant with a radiant bloom. Jolyn cleansing milk is the perfect cleanser for all skin types.

Veteran Pill Users Return to Normal

By KEN KELLY

MEXICO CITY (CP)—Long-time users of contraceptive pills rapidly resume their normal potential for becoming pregnant after they stop taking them.

Subsequent pregnancies are normal and the children born are no more likely to suffer abnormalities than the children of mothers who did not take the pill.

These were among conclusions reported to the scientific assembly here of the College of Family Physicians of Canada by Dr. Hector R. Acuna on behalf of Dr. Edris Rice-Wray, director of the Maternal Health Clinic, Mexico's only family planning clinic.

The clinic studied 493 pregnancies in one series among women who became pregnant after stopping the pill.

Ann Landers

Dear Ann Landers: These past four years have been like a nightmare. It's as if I have been waiting for a bomb to explode. I don't believe you can help me but it will ease my mind to know I asked for your help.

From the day our daughter was born I have felt nothing but contempt for her. Every day it gets worse. I treat her like dirt, but I just can't help it.

We have a son but I have no problem with him. He is a sweet youngster and well-behaved. I rarely have to raise my voice at the boy, but I am constantly shrieking at the girl. She is becoming aware of my hatred and is terrified of me. Frankly, I am terrified of me, too. Can you help me before something horrible happens?—COUNT-DOWN MOTHER

Just Too Popular

Dear Ann Landers: My husband's mother is a great looking gal, has a neat figure and is only 15 years older than I am. Eunice and I could easily pass for sisters. She has laughingly described her husband (number three and 18 years her senior) as "dead from the neck both ways."

Eunice has a good job in the office of a warehouse and is very popular with everyone. In fact, she is too popular. This is the problem. Her husband phoned us twice last week and again tonight looking for her. My husband said to me, "If Mom is using us as an alibi she should tip us off." I looked at him in amazement and said, "I wouldn't play that kind of game, even for your mother."

We got into an argument about "loyalty" and he insists his mother is an unusually vital woman, that her husband is unquestionably impotent and there is nothing immoral about "protecting" her so she can have a decent life.

May we hear from you? STILL FIGHTING

Dear Still: This is a decent life? Sorry, I don't buy it. If your husband wants to "pro-

jecting your hatred for someone else onto this unfortunate child. Perhaps it's time to do with your husband or your own mother.

You are a very sick woman. Ask your physician to recommend two psychiatrists. A child who has been the object of her mother's intense hatred for four years in all probability needs help, too.

By TRUDY KEMP

Opportunities for women in government service are not restricted to clerical jobs. Instead many interesting positions, included in the job categories, are already filled by women in the British Columbia civil service.

"I have never found any restrictions because of being a woman," said Miss Meryl Campbell who holds a responsible senior position in the provincial service.

Miss Campbell is a staff training officer with the B.C. Civil Service Commission, a position she has held full time for the past four years.

She has been with the B.C. government service for 20 years, having worked previously in the recruitment and selection division of the commission. Miss Campbell joined the service as a training officer. She was the successful candidate for the advertised position at that time.

Miss Campbell had previous experience in this field in private industry and also has her BA with a major in psychology. She supplemented this with business courses including accounting and had worked at various office jobs during early part of her career.

Prior to joining the government service Miss Campbell worked in the controller's office at the Bay's Vancouver store, and just before that she worked in the University of British Columbia student placement bureau.

At the time she joined the civil service commission there was just the chief personnel

Miss Campbell checks lists

including the "organization of public service in the province of British Columbia," which has four lessons; and the "supervision-staff in a management course which has five lessons.

The training officer's other duties include giving a series of short supervisory training sessions in various government departments.

She pointed out that women in the professional field enter the service on same level as men. She also mentioned that opportunities in scientific fields concerning women are very good, including welfare, education, various hospital positions, dietary staff, bacteriology and public health nursing.

Miss Campbell also handles the administrative work for the civil service commission's executive development training plan which is held in collaboration with the University of Victoria.

The plan is a three-year program and its purpose is to assist in the training and development of provincial government employees to prepare them for higher administrative positions and to improve and broaden their knowledge and background.

The courses are arduous and demanding in terms of time and effort and the selected employees must be prepared to devote many extra hours of their own time to study and prepare assignments. At the end of three years the successful candidates receive a diploma in public administration from the university.

In her present position Miss Campbell is primarily involved in training programs in field of staff management and public administration.

She is responsible for the eight-month correspondence course for civil servants in public administration. She marks the papers and prepares two of the four sessions,

"I found the work most interesting and I still do," she said.

In her present position Miss Campbell is primarily involved in training programs in field of staff management and public administration.

Miss Campbell gives one subject on public personnel administration during the third year of this executive development program.

Fascinating Fashion Book Seasoned with Party Shots

By EUGENIA SHEPPARD

Some people think fashion is funny. Others, depending on where they sit, find it utterly glamorous, phony, cruel, or commercial to a terryfying degree.

For as honest and non-partisan a look as you can get at America's fifth largest industry, see "The Fashion Makers," just published by Crown. It's a picture book with 660 photographs by Walter Vecchio and a low-keyed, running commentary by Robert Riley.

Most books about fashion tend to become cynical exposes of the characters involved, take sides for or against the fashion establishment or become just plain dull.

He said he was more nervous facing marriage than he had been at any time since he played the gong in Tchaikovsky's Second Symphony during a New York Philharmonic concert in Winnipeg.

And that, he said, was more frightening than anything that happened to him when he was playing professional football with Detroit Lions or pitching against the All Stars in Yankee Stadium or boxing three rounds against Archie Moore.

Plimpton, 40, the handsome and urbane author and editor of the Paris Review, was married Thursday evening to Freddy Medora Espy, a petite blonde photographer's assistant whom he met at a party in 1963.

It's happened until it happens.

Plimpton announced the impending marriage hours earlier at the George Polk Memorial awards luncheon.

As the scheduled main speaker he rose, said he was getting married and apologized for not having prepared a speech.

Socreds, NDP Turn on Grits

By NANCY BROWN

"Ten per cent and bust" is the new Liberal party policy, Trade Minister Ralph Loffmark shouted as members ganged up against Premier Bennett in the legislature Friday.

"It's the party of usury," called Premier Bennett, while deputy speaker Herbert Bruch hammered the gavel board as he hammered for order.

The desk-pounding, jeers and laughing claxon broke out in the last minutes of a previously

courteous debate on municipal use affairs estimates.

Dave Barrett (NDP-Coquitlam) turned the heat on the federal Liberal party as he asked Premier Bennett to send a telegram to Ottawa objecting to the increase of interest rates up to 9 per cent.

"It's a national disgrace," shouted Mr. Barrett. "They're so busy running around on a leadership race they've forgotten the ordinary citizen of the country."

Mr. Bennett retorted, "It's no

sending a telegram to Ottawa, there's nobody there." The premier said he had repeatedly warned that deficit financing would bring high interest rates.

"Unless they change these rates and start to bring them down, then the national party — no matter who leads it — is going to be defeated," warned the premier.

Shouting above the general babbble, Liberal leader Ray Perrault accused both NDP and government members of bringing in a "crass political red herring."

"Both of these parties are trading in human misery," he said.

The federal government, according to Mr. Perrault, has increased costs to the municipalities, such as the 10 per cent increase in their share of welfare costs, deter them from going into public housing.

During the three and a half hours of debate on the municipal affairs department estimates there were repeated criticisms of provincial handling of public housing projects.

Spending estimates approved Friday for the department totalled \$50,532,631 for the fiscal year beginning Monday.

Robert Williams (NDP-Vancouver East) suggested a change in the present property tax structure, which he said penalizes the home owner and encourages the land speculator.

"If people improve their homes, if buildings are improved, the taxes go up. Enterprise and development is penalized," he said.

Higher rates on undeveloped land, and lower rates on improved properties would encourage speculators who prevent proper development of cities.

He accused the CPR of being the "biggest slumlord," holding areas of land most necessary for development.

Municipal Affairs Minister Dan Campbell, answering questions, said he is considering grants to make up any municipal losses involved with the new standard tax form.

Sorry, Trouble Temporary

Truncated turnpike is Patricia Bay Highway at McKenzie Avenue where highways department is repaving intersection after installation of traffic lights, and had to reroute traffic

temporarily. Foreshortening was effected by photographer William E. John with long telephoto lens. View is south, toward Victoria.

Interim Supply Bill Hints More Gaglardi Fights Due

By IAN STREET
The opposition Friday gave a hint of further battles to come in the legislature over the resignation of Philip Gaglardi as highways minister a little more than a week ago.

The polmer came during a brief exchange between Opposition Leader Strachan and Premier Bennett as the House approved an interim supply bill to give the government \$72,168,

Gaglardi's resignation there were now four ministers in this category.

The opposition leader asked: "Would this not involve spending more than one-twelfth of the vote for ministers without portfolio?"

"No comment," snapped Mr. Bennett.

"This section clearly indicates," Mr. Strachan persisted, "the government shall not expend any sum beyond the allotted portion of this vote. Does this mean that one minister without portfolio has no salary?"

LET THEM FIGHT
The premier didn't answer and Mr. Strachan, still on his feet, said: "I don't want any minister to go without salary." "Let them fight it out," interjected Gordon Dowding (NDP-Burnaby Edmonds).

"I'll keep that thought in mind," said Mr. Bennett, tight-lipped.

"For the third and last time of asking," said Mr. Strachan, "will one of the ministers without portfolio go without salary?"

TYPICAL ANSWER
Mr. Bennett retorted: "For the third and last time, no comment."

That sort of answer was typical for the government throughout this session, said Mr. Strachan. But the premier claimed: "Never have so many questions been unanswered in my 25 years as an MLA."

Lieutenant-Governor Pearkes entered the chamber at 2:27 p.m. and gave royal assent to the interim supply bill. Less than a minute later, his business done, he left.

After the departure of Mr. Pearkes, the opposition leader called across to the premier: "That's the fastest \$70,000 you've ever spent."

Don't open your heart to the Irish. You may never win it back.

you will, on the open road. Or, if you prefer, take a guided tour. Those with a sense of adventure will rent a gypsy caravan, complete with horse. No, this last suggestion is not an Irish joke.

Sooner or later, every visitor will enquire about castles.

You will be interested to know that the Irish have more than their share.

Enough, in fact, to convert several

into hotels, as indeed they have at Ashford, Kilkenny and Dromoland. And these are open to you at modest rates.

If you prefer your castles in historic mood, you may visit Bunratty, Dunguaire or Knappogue castles. Here, you may in turn participate in a medieval banquet, enjoy a series of short plays, or witness a pageant of Irish history.

Some visitors would find life unbearable if they were long separated from their golf clubs. You will be reassured to learn that Ireland has more golf courses per square yard than any country in the world at green fees of less than a dollar. If golf is not your game, you will find every conceivable facility for other sports. And talking of sports brings us to horseracing, about which the Irish are quite single-minded (some say quite mad). The famous Irish Sweepstakes Derby is a spectacle no red-blooded visitor will miss.

If you cannot be with us for this event, perhaps you can arrive in time for St. Patrick's Day where we celebrate the event with special enthusiasm.

Visiting anyone, the Irish included, very naturally raises the question of cost. You should keep in mind that the Canadian dollar buys a great deal more since the devaluation of the pound. Your travel agent

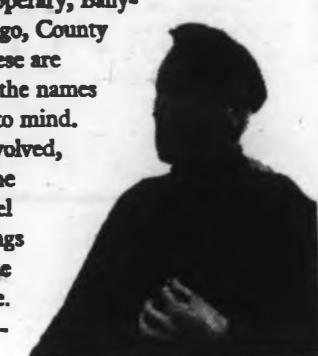

will be glad to give you full details and offer you low-priced tours that are available all year round. Should you visit Ireland in May, you get one day free of charge in every seven. For all travel, tour, and accommodation bookings, put yourself in the hands of your travel agent; he is the expert who knows Ireland best. In the meantime, for full information on an Irish vacation, please complete the coupon below. But do it now.

For years, foreigners have suspected what the Irish have known for centuries. This is the proposition that in Ireland there are no strangers, only friends that you have yet to meet.

If the warmth of the Irish has been a source of pleasure to millions, it is more than matched by the variety and beauty of the land. Laced from shore to shore with enchanting roads and an unending maze of pubs and inns, the countryside is studded with names famed to the four corners of the earth: Killarney, Donegal, Galway, Mourne, Shannon, Kilkenny, Cork, Dublin, Tralee, Tipperary, Ballybunion, Sligo, County Down. These are but few of the names that come to mind.

Once involved, how does the visitor travel among things Irish? Take your choice. Drive your self, if

\$2. On the shorter routes the increase is higher.

Between Victoria and Vancouver cover the one-way economy fare is up \$2 from \$8 to \$10, while the popular three-day excursion round trip of \$3 jumps to \$5.

EXCURSION FARES

Victoria-Seattle rates are also higher — up to \$13 from \$11 one way economy, while the three-day excursion round fare rises from \$13 to \$19.

Jack Dalby, regional sales manager for Air Canada west of Winnipeg, in Victoria Friday blamed rising costs and heavy capital requirements for new aircraft for the increases.

He claimed that rates were still below those of comparative flights in the U.S.

ECONOMY DISCOUNT

Dalby also explained that registered passengers under 21 would be eligible for a 50 per cent discount on economy fares on North American routes.

Under Air Canada's new youth fare plan a \$3 identity card will allow students and young people between 12 and 21 inclusive to travel at reduced rates. The cards will be renewed annually.

The half price fare would not be guaranteed and journeys would only be made on this basis if there were seats available.

GAP FILLERS

It is expected that the under-21 rate will help to fill some of the gaps caused by "no show" — one of the airlines' major problems.

Mr. Dalby explained that overseas fares to Europe or the Caribbean would not be affected.

"We expect the rising of the flight fare between Victoria and Vancouver and Seattle will cost us some passengers," he said. "But I can assure you it is not the intention of Air Canada to cut the frequency of its present service between these points."

SHORT FLIGHTS

"Short distance flights do not usually pay the airlines," said Dalby. "And the Victoria operations are no exception. Even at the new rates we shall not expect them to pay their way."

He said that many of the passengers between Victoria and Vancouver were those who were continuing their flights from that point.

"This makes a calculation of flight costs on the Vancouver-Victoria run very difficult to estimate accurately."

GROUP FARES

The Canadian airlines are also offering special discount domestic group fares of 10 per cent for 15 to 29 passengers and 15 per cent for 30 or over.

The new rates are effective April 28 and are subject to acceptance by the Air Transport Committee of the Canadian Transportation Commission.

Marching Mothers
Given NDP Support

Victoria's marching mothers received strong NDP support for their demands for increased welfare rates during discussions of social welfare estimates in the legislature, Thursday.

Welfare Minister Dan Campbell countered by quoting a letter written on Company of Young Canadians notepaper, which showed that not all the demonstrators had been welfare mothers.

"How can you justify that, absurd," said Mr. Barrett. Mr. Campbell replied that he wants to involve the community in the solution of welfare problems but without the help of the Company of Young Canadians.

HERE'S YOUR TICKET TO AN
EXCITING EUROPEAN HOLIDAY

Pick a holiday to fascinating Europe from this 32 page Global book. Go free from language, luggage, currency and tipping problems. You get a reserved seat on a luxury motor coach, fine hotels, all meals, sightseeing with skilled escort for only \$15 a day.

ALL WALKS

They were supported during the marches and "sleep-ins" by representatives from local churches, social workers, private citizens, and members of various youth groups.

A. B. Macdonald (NDP-Vancouver-Burrard) said the mothers had an "absolutely iron-clad case."

Their children were not getting sufficient food and clothing to enable them to have an equal chance in life.

"They are denied an equal opportunity," he said.

APRIL PROMISE

"It's not good enough for the minister to reply, as he has done, that he will meet the municipalities April 23 to discuss this."

"This is the legislature, and this is the place and the time to announce decisions, he said.

"These mothers simply don't have the money to put food on the table at this time."

URGENT REQUEST

He asked why the minister had not acted upon an urgent request, unanimously endorsed by Vancouver City Council made last October, and asking for an immediate 20 per cent increase in welfare rates.

Leo Nimsick (NDP-Kootenay)

asked why there is a difference between the money received by a woman who loses her husband through an industrial accident, and a deserted mother or widow.

SOCIETY'S RESPONSIBILITY

Relatives of men killed in industrial accidents receive \$125 for a widow, plus \$40 for each child.

A welfare mother receives \$75, plus \$25 for each child.

These mothers and children, he said, are a responsibility of society.

"We should look after the children because they are going to be the citizens of the future."

THEIR RIGHT

"They shouldn't be receiving welfare as charity, he said. It should be an allowance that is theirs by right.

"These mothers and their children have a right to a decent standard of living."

He asked for higher rates, and suggested there would be less stigma attached if they were given a mother's allowance instead of welfare.

David Barrett (NDP-Coquitlam)

pointed out that a welfare mother cares for her child on \$25 a month while a foster parent receives an average of \$90 a month.

This is an EXCELLENT BUY at \$26,500—SIDE-BY-SIDE and with 3 bedrooms on one side. TWO on the other side. Good rental income. This has been REDECORATED—has a NEW roof, copper piping, TWO modern oil furnaces. NEVER A VACANCY! Right near schools and shops and just 7 minutes drive to Town 'n' Country. There is an excellent potential for future additional building site. With very small alteration this could be made into ONE LARGE RESIDENCE with FIVE bedrooms, 3.5 baths, FAMILY ROOM with fireplace, patios, etc. For REVENUE OR HOME this is certainly WORTH YOUR INSPECTION! Swim for Big Wheel

Looking like anything but novices young mermaids flutter hands to keep in pinwheel position for King Neptune at YM-YWCA Friday night. Girls are members of synchronized beginner's class performing in 1968 Aquacade in Y-pool. King Neptune will hold court again at 7:30 p.m. today when 15 different categories of swimmers will perform.—(Jim Ryan)

Regional Districts Draw Interest Across Country

By JOHN MATTERS

British Columbia's regional districts are a form of local government which is being watched with interest across Canada, one of the experts studying Greater Victoria's hospital needs said Friday from Toronto.

Dr. Peter Hart, a member of the consulting firm of Agnew, Peckham and Associates, said B.C. was a leader in the regional concept and is a model for the rest of the country.

"I think it will be a trend across Canada," he added.

FINANCING TOO

Dr. Hart said the B.C. regional districts also presented an interesting method of financing hospitals, which were clearly becoming regional responsibilities.

Dr. Hart, whose office is in Toronto, said there are strong rumors that Ontario will go into a regional type of local government, following the regionalization of that province's schools last year.

Mamie Knew Answer

A call of a holdup brought several Victoria police units to the Yates Street parking lot Friday afternoon but it turned out to be a waste of time.

A man, described as intoxicated, wanted to empty the till in the parking lot — but he hadn't reckoned on attendant Mamie Holligan.

She slammed the till shut gave him a shove and told him, in language he would understand to get lost. He did.

The report on Victoria's long range medical needs, expected to be delivered to the regional board next month, will be a massive document, running between 400 and 600 pages of single-spaced lines.

Dr. Hart said all members of the Agnew, Peckham staff now are working on it.

A study of the hospital needs of Metropolitan Toronto made a few years ago by the consulting firm is comparable to the one being produced on Victoria's needs, he explained.

DEEPER STUDY

In its discussion of some areas of medical services, the Victoria report will be much deeper and detailed. However, because of the sheer size of Metropolitan Toronto, its large number of hospitals and medical specialties, Victoria's study will be shorter.

Another large study made by Agnew, Peckham was of the long-range needs of Vancouver General Hospital.

This could not be compared to the Victoria project because it dealt with only one institution. The \$40,000 study being made here will discuss the needs of all of this area's medical facilities.

BY INTERVIEWS

Agnew, Peckham has been collecting information on Victoria hospitals for almost a year, mainly through personal interviews and the statistical services of British Columbia Hospital Service and Dominion Bureau of Statistics.

Members of the firm over the years have been consultants to approximately 600 Canadian and American hospitals.

Happy marriages depend on compatible people

The internationally-known Vanier Centre employs a scientific method and IBM computers to discover and introduce compatible Canadian men and women...

The F. H. Vanier Centre of Canada Limited was formed to build happy marriages, thereby reducing the number of separations and divorces in Canada. It is the Centre you have heard discussed on national radio and network television in the United States and Canada.

The Centre's goal is achieved by applying a professional, scientific method, administered by IBM computers, to record and analyze detailed characteristics that suggest the compatibility of men and women registered with the Centre. Compatible registrants are then introduced.

The Vanier Centre is definitely not a typical "matrimonial agency." Those registered with the Vanier Centre are serious-minded, sincere men and women. Insincere applicants are rejected.

If you are a single man or woman, or a divorced or separated person, between the age of 18 and 75, you are invited to enquire if you qualify to register with the Centre. All correspondence is sent in unmarked envelopes and is completely confidential.

The F. H. Vanier Centre of Canada Ltd.
1111 West Hastings St., Vancouver
Please send me (sealed and discreet mailing) your documentation with no obligation on my part. I am enclosing 25¢ for handling and postage.

NAME: _____

As seen and heard on National Network TV Canada-U.S.A.

If you think we make a fortune on prescriptions, let us give you our 2¢ worth.

Most people think we make a big profit on every prescription we fill. The truth is, we don't. Not even close to it.

All we make is 2¢ profit on each dollar of sales. And that isn't a fortune in anybody's book.

On the other hand, we're not complaining.

Because last year in B.C., we filled more prescriptions than anyone else in our profession. Nearly a million. And that's a lot of prescriptions. Probably

yours was one of them.

But no matter how many prescriptions we fill, we haven't forgotten what you have to pay out of your own pocket. Sometimes you have to dig a little deeper than you think you should.

And we couldn't agree more.

And we do something about it. We help you keep down the cost of prescription drugs.

Like stocking drugs by generic as well as brand names. This alone can save you a lot of money,

'Bad War for Canada' Trudeau Stayed Out

TORONTO (CP) — Justice Minister Trudeau said Friday he did not fight in the Second World War because Quebec youths had been taught to consider it a bad war for Canadians to be in.

Trudeau, a candidate for leadership of the federal Liberal party, told a news conference that "like most Quebecers, I had been taught to keep away from imperialistic wars."

The justice minister said that young persons in Quebec gradually came to realize their education was in error and the war had been started by Fascist countries.

"The error was on the part of politicians

who promised in the 1930s there would be no conscription and if there was it would be over their dead bodies.

"Many of us in those years had been brought up to think that the Canadian role was to stay out of world affairs, and keep away from imperialistic wars. We were young men caught up in this logic."

Trudeau made the remarks in answer to a question about his war record.

Garden Notes

It Just Won't Work

By M. V. CHESNUT

PLANTING DAFFODILS (G.R., Victoria) — I am sorry to say that your plan for planting daffodil bulbs in your new lawn before sowing it this spring just won't work. Apart from the fact that you can't buy daffodil bulbs in the spring of the year, this is just about the worst time for planting them. Go ahead with the sowing of your lawn, by all means, but delay the bulb planting until next fall.

I should warn you, though, that while daffs may be naturalized in rough grass for a most effective display, it isn't such a good idea to plant them in a formal lawn. Daffodil tops must NOT be cut down until after the leaves die down naturally, and this means your lawn would have to remain unmown, shaggy and long, all through the spring months until the bulb foliage ripens.

PATCHY LAWN (A.S., Sidney) — There are several possibilities to account for those unsightly brown patches in your lawn. They could be due to fungus diseases, or a dog may be paying your garden an occasional visit, or if yours is a comparatively new home, the trouble could be due to builder's rubbish of some kind buried under the surface and interfering with the proper growing of the grass plants.

the bottomless pots and copious amounts of water to the gravel beds.

Under this form of culture, the plants develop two sets of roots — fibrous feeding roots in the pots of soil and fleshy water-seeking roots in the gravel beds. Very heavy crops of tomatoes are raised in this way, and there is a big advantage in that there are no beds of soil in the greenhouse to be changed periodically — a laborious and expensive process. The gravel beds can be washed clean by flooding them between crops, and only the soil in the bottomless pots needs renewing.

While this is a most effective technique for greenhouse use, I can't see any special advantage in using ring culture for outdoor growing.

RING CULTURE OF TOMATOES (H.S., Oak Bay) — In this method of greenhouse culture, the tomato plants are grown in bottomless pots of rich soil sitting on beds of clean washed gravel or crushed and weathered cinders. Liquid fertilizer is applied to the soil in

I suggest you start by probing the bad spots with a spike or iron bar of some kind, for you'd be surprised how often slabs of rock, ends of boards, chunks of sheet metal and left-over plaster or stucco are left in the ground by the builders. If your probe encounters anything like this, all you can do is take up the sod over the bad patch and remove the offending material.

In no foreign objects are found, you'd better direct your attention to either dogs or disease. About the best way I have found to discourage the attentions of dogs on a lawn is to treat the grass every third week with a Weedex Wonder Bar. This is a heavy wax "log" impregnated with weedkiller, and fitted with cords for dragging it across the lawn. While intended for killing lawn weeds, the powerful smell of the stuff seems to have a repellent effect upon dogs.

Most diseases of lawns are treated with chemicals based on organic mercury, and some good preparations are Panogen Turf Spray, Latex's Purified Spray, Green Cross Dormant Spray and Merfusin. Instructions for use are given on the label.

ART BUCHWALD Meets Angry Colleague

Wallstop Kept in the Dark

WASHINGTON — The decision to bring Gen. William C. Westmoreland back to the United States caught Washington completely by surprise. Even Joseph Wallstop, the syndicated hawk and widely read pundit, had been kept in the dark on the president's plans.

This didn't go down too well with Wallstop when I saw him a few days later at the Army-Navy Club.

"But there will be other generals, Joe, and I'm sure they'll work with you."

"That's not the point,"

Wallstop said. "Westmoreland understands my strategy. He's a 'search and destroy' man as I am and he understands my attrition policies. This is no time for me to break in a new commanding general."

"Even Westmoreland knew before I did," Wallstop complained. "I had to read about Westmoreland's recall in the newspapers."

"It's typical of the president," I said, trying to placate my friend. "The people involved are the last to know."

"Even Westmoreland knew before I did," Wallstop said angrily.

"But not by much," I pointed out.

"Well, I think it's sheer idiocy," Wallstop said angrily.

"Just when the tide has

turned and we have the Viet Cong and the North Vietnamese on the run, and the Hué offensive proved once and for all that we were fighting paper tigers, Johnson has given into political expediency. Doesn't the president know that I need Westmoreland in Vietnam?"

"That's right," I said. "You did call up the reserves last month didn't you?"

"I certainly did, not just in one column, but in three. Yet the president overruled me. I can't get it through to the administration that if I'm going to be proven right in my column, I need at least 500,000 more men."

"Joe, do you think if there were a million American men in Vietnam the U.S. could win the war?"

"Maybe not at first, but we certainly could get the pacification program off the ground."

"And then win the hearts and minds of the Vietnamese people," I said.

"Exactly. But every time I make a suggestion and the

administration rejects it, they dance in the streets of Hanoi."

"That's not easy to do with all the bombing going on," I agreed. "Tell me, Joe, why can't anyone else in Washington see the Vietnam problem as clearly as you do?"

"Because they don't have access to captured enemy documents," Joe said. He opened his briefcase and handed me a sheaf of papers. "Read them and then tell me if we aren't winning the war."

"They're all printed in Vietnamese, Joe."

"Well, you can guess what they say, can't you?" he said, putting them back in his briefcase.

"Tell me, Joe. Now that Westmoreland is coming back to the United States, do you think you'll be consulted about his replacement?"

"If I'm not, I can't guarantee the war will continue as well as it's going now."

The Little World of SHEILA GRAHAM

'American Tom Jones'

HOLLYWOOD (NANA) — Norman Jewison is testing Ben Hecht, in Gaily, Gaily, for a June start. Norman is of course attending the Oscar awards on April 8, what with having seven nominations for In the Heat of the Night, which he directed. He describes Gaily, Gaily, as "the American Tom Jones," and Beau, who was so good in The Incident, is the leading contender for the top role.

STEVIE MCQUEEN will be a surprise in Thomas Crown, also directed by Jewison. He plays an erudite Bostonian, self-contained and sophisticated who plays polo and drives a Rolls-Royce. "It's a love story," says Norman, "with a bittersweet ending."

PETER FONDA's hair is past his shoulders in his "Peterbilt" taped TV show. It will be seen soon and in it, Peter says "some people think of me as a dope fiend, and some as a nice guy. He doesn't give too many people a chance to know him. He's the wolf who really walks alone, and he has his home in Beverly Hills and his beach house at Malibu up for sale. He plans to live away from Hollywood with his family, "somewhere on a ranch."

LUCILLE BALL was spotted in a Fifth Avenue store in New York buying presents for all of the 18 children she and Harry Fonda have between them in Yours, Mine and Ours . . . Wolper Productions, with Stan Margulies, start the Americans Are Coming July 1 in London. It's about a 21-day group tour of Europe. And it sounds like madness with the group rushing from country to country to get their money's worth and see all the sights. "We will never have time to unpack," said our man Stanley. Three weeks will take 13 to film.

ROBERT MITCHUM, winding up his Five Card Stud on location in Mexico, will soon report to the Elizabeth Taylor star, Secret Ceremony, in London. Robert and wife Dorothy celebrated their 28th wedding anniversary last week. He sent her 28 long-stemmed roses, and attached to one was a handcrafted diamond-studded ring. Rummage among the roses and you never know what you'll find — if you are the wife of a Hollywood star that is!

PETER USTINOV and Maggie Smith are ad-libbing the dialogue in Hot Millions as they go along and it's so good they are keeping it in the script. Maggie will emerge as a comedienne in this one. And what a change in her next, The Prime of Miss Jean Brodie, which I hope to catch when they are filming in Scotland.

You can be sure that talented Elke Sommer will cause some gasps at the Oscar awards April 8. Her form-fitting, long dress with long sleeves has been designed for her by two-time Oscar winner Bill Thomas at a cost of \$1,000. The awards, with its vast television coverage, is a good showcase for exposure to producers and the public. Elke wants dramatic roles. She has had it as far as the crazy comedy circuit goes.

Where Credit's Due

SYDNEY HARRIS

Who invented the steam-engine? Most of us would say "Watt" — but before him there had to be Rivault, Porta, de Caus, Worcester, Savery, Desaguliers, Blakey, Papin and Huygens.

Did the American, Benjamin Franklin, discover the identity of lighting and electricity in June, 1752? So did the French scientist, D'Abrial, in a similar experiment — a month earlier.

Did Joseph Henry lay claim to the electric motor? But, simultaneously, the electric motor appeared in the U.S., England, France, Germany and Italy.

I dredged up some of these interesting and little-known parallels last month, as we were celebrating something

called "National Brotherhood Week." It's sadly ironic that the greatest evidence of "brotherhood" in the 300 years since the Industrial Revolution has been in the field of science and technology, more than in religion, education, citizenship or any other form of human association.

The "progress" we are proudest of is the result of collaboration among men of many nations. Although the instruments devised by science have often been used for conflict, the scientific enterprise itself has always rested on a broad basis of brotherhood and the international exchange of ideas, help and good will.

Did Joseph Henry lay claim to the electric motor? But, simultaneously, the electric motor appeared in the U.S., England, France, Germany and Italy.

I dredged up some of these interesting and little-known parallels last month, as we were celebrating something

called "National Brotherhood Week." It's sadly ironic that the greatest evidence of "brotherhood" in the 300 years since the Industrial Revolution has been in the field of science and technology, more than in religion, education, citizenship or any other form of human association.

The "progress" we are proudest of is the result of collaboration among men of many nations. Although the instruments devised by science have often been used for conflict, the scientific enterprise itself has always rested on a broad basis of brotherhood and the international exchange of ideas, help and good will.

Two years later, in 1847, the law of conservation of energy was formulated by Joule, Thomson, Golding and Helmholtz. A method of liquefying gases was devised by Calle-

tet, Pictet, Wroblowski, and Olzewski in 1877. The laws of heredity were worked out by Mendel, De Vries, Correns and Tschermak.

The fact that this scientific brotherhood has worked practically proves — more than all the idealistic sermons — that human beings are capable of advancing themselves only through active co-operation, not through hate, envy, bigotry and aggression. Whatever is important in modern living has come from the efforts of men joined in a common quest: to seek greater knowledge and welfare for all mankind.

When next we switch on an electric light, gulp down a vitamin, take a child's temperature — let us recall some of the names to thank.

Bay Day Continues Saturday 9 a.m.-5:30 p.m.

Save Saturday on these Bay Day Priced Values, plus values from your 10-page supplement. Order board open 8:30 a.m. 385-1311 . . . order by number

Freedom Inevitable

Czechs Warn 'Keep Out'

From Reuters-AP

VIENNA, Austria — High-ranking Czechoslovakian officials said Friday the country's moves towards greater freedom have gone too far to be reversed and warned against any outside interference in Czech affairs.

Two statements—directed at the Soviet Union and East Germany—from a political and an army leader stressing the theme of independence in internal matters.

The comments were reported after a tough speech in Moscow Friday by Leonid Brezhnev, the Soviet Communist party chief, who warned against the growth of nationalistic elements in Communist countries.

In another development, Hungarian Premier Jenos Fock said in a Paris interview he is "in entire agreement" with developments in Czechoslovakia.

Maj.-Gen. Egyed Peppich, newly-appointed head of the political branch of the Czech army, recently met Soviet army leaders in Moscow, writes in a weekly army newspaper that Soviet leaders "were very careful not to give rise to the slightest suspicion that they wanted to influence or advise us."

And Josef Smrkovsky, a newly-elected member of the Czech Communist party presidium, was quoted in a newspaper interview as saying that "the process of democratization has gone so far . . . that a reversal . . . is out of the question."

In Paris Fock told reporters: "As far as concerns the goals sought in Czechoslovakia, I am in entire agreement with what is going on in that country."

He said he was convinced the friendly relations between Hungary and Czechoslovakia "will be reinforced."

Four Byelections

New Grit Leader Faces June Tests

OTTAWA (CP) — The next seek and gain a seat in the Ontario legislature. Independent Maurice Allard has been fixed for Monday, June 17, when federal byelections will take place in four ridings.

The date was announced Friday by Prime Minister Pearson, who will hand his job over to a successor after the April 4 Liberal leadership convention.

The byelections will fill all existing Commons vacancies. There are three in Quebec—Montreal St. Jacques, Matapedia-Matane and Sherbrooke—and one in Ontario—Grey-Bruce.

TWO DEAD

Two of the vacancies, in seats held by the Liberals, were caused by deaths.

Maurice Rinfret, member for Montreal St. Jacques since 1962, died Dec. 26. Rene Tremblay, former citizenship and immigration minister and member for Matapedia-Matane since 1963, died Jan. 22.

Grey-Bruce has been vacant since last fall, when Conservative Eric Winkler resigned to

MOSCOW (LAT)—Soviet Communist Party chief Leonid Brezhnev threatened severe crackdown Friday against dissident Russian intellectuals who fail to recognize the need for "iron party discipline."

In a major policy speech, Brezhnev struck at Soviet intellectual dissent in what was considered the leadership's harshest attack since taking power in October, 1954.

His stiff warning also was meant to isolate the Soviet public from political turmoil now spreading across eastern Europe.

TRIAL AFTERMATH

The Brezhnev attack was delivered to a Moscow Communist Party congress. It came in the aftermath of a highly controversial trial here, in which four underground literary figures were sentenced to between one and seven years in forced labor camps.

In recent weeks hundreds of Russians have protested the court's action in scores of private petitions and appeals to Soviet leaders, government organs and newspapers.

HARSH TREATMENT

Brezhnev raised the prospect of stiff punishment for those persons who follow the literary example of Russians already condemned for "anti-Soviet agitation and propaganda."

"The Soviet public harshly denounces the abominable deeds of these double-dealers," the party chief declared.

"Renegades cannot expect immunity."

AT ALL LEVELS

Throughout his speech, Brezhnev stressed the need for "unshakable unity" and loyalty at all party levels.

"He is wrong who thinks that the Leninist directive on the need for iron party discipline is relevant only to the period of revolutionary actions, and loses its pertinence in the course of further social, economic and democratic reforms," Brezhnev warned.

SHARP DISPUTE

The party chief used the West as a vehicle to attack intellectual dissidence in this country. He cautioned his audience on the dangers of a now sharp ideological dispute between East and West.

He said the West will do everything possible to exploit any sign of political division or

The RCMP complained that the work was anti-American. Mrs. Boggs and her panel condemned it as "entirely unsuitable."

But somehow—it was hung before anyone saw it.

Anyone that is, except for the RCMP and the department's own art panel headed by national gallery director Jean Boggs.

sheds tears for loss of pioneer spaceman

MOSCOW (AP)—Russians four and five abreast stood in a line nearly four miles long Friday to get a glimpse of the urn containing the ashes of Yuri Gagarin, history's first space orbiter.

Many of them sobbed as they waited to enter the Soviet Army's Red Banner Hall to see the urns of Gagarin and Col. Vladimir Serygin, killed in a plane crash Wednesday. Some said they had waited in line all night.

★ ★ ★

Radio Moscow and other Soviet stations discarded their regular schedules and played classical music as Moscow prepared for a full-dress state funeral this weekend. The ashes will be placed in the Kremlin Wall facing Red Square, the most hallowed spot in the Soviet Union.

Among the first to view the urns in the morning was Leonid Brezhnev, the Communist party leader who entered the hall looking pale and drawn. With tears in his eyes he embraced Valentina, widow of Gagarin.

★ ★ ★

With Premier Alexei Kosygin and President Nikolai Podgorny, Brezhnev then stood at the side of the urns as honor guard for 20 minutes as throngs of mourners passed by.

Gagarin's widow and two children, nine-year-old Yelena and seven-year-old Galya, wept quietly in a dark corner of the room.

Financial Crossroads

Decision Day For French

Fire Plague Strikes Big Chicago Stores

CHICAGO (AP) — Fire broke out in rapid succession in three big State Street department stores Friday, driving thousands of employees and customers into the streets around an intersection often called the world's busiest.

Authorities launched an arson investigation and called in the police canine corps as a precaution against looting even before the last flames were extinguished.

Severe damage, although no dollar estimates were available, was reported at Carson Pirie Scott and Co. and Montgomery Ward stores. A stockroom fire at Wieboldt's, Inc., was quickly extinguished and fire commissioner Robert Quinn said that no proof of arson.

In a hastily-called news conference, Mayor Richard J. Daley said "there is no evidence at all" that the fires were the result of a conspiracy, and

Continued on Page 2

STOCKHOLM (LAT)

An isolated France faces the choice today of either going along with the "group of 10" finance ministers on rules for the International Monetary Fund's new Special Drawing Rights scheme or isolating itself still further by opting out of the plan completely.

A long day of debate among the ministers Friday produced no practical or specific results or decisions but it did serve to demonstrate that nine of the ten are holding firm against the French and will reach some kind of a decision by tonight.

EARLY REVERSAL

French Finance Minister Michel Debre lost the first round of the day when he sought at the outset of the meeting to convert the discussion to a general review of the world monetary system and in particular the role of gold.

The other ministers finessed this fairly readily by agreeing with Debre that there is a lot wrong with the world monetary system which needs examination, but pointing out that they were all in Stockholm specifically.

Blast Rocks Army Centre

NEW YORK (UPI) — An explosion early today destroyed two floors of the vacant army induction centre in lower Manhattan. No injuries were reported.

Police said the blast collapsed walls on the third and fourth floors of the building. The centre had been the scene of several violent anti-war demonstrations in recent months.

Mural Inspires Star-Spangled Uproar

By RICHARD JACKSON
Ottawa Bureau

OTTAWA — The transport department from Paul Hellyer down through its information, architectural, construction and equipment divisions is in a star-spangled uproar over the hanging in the International Tunnel of Montreal's big overseas Dorval air terminal of a mural condemned and rejected as widely anti-American.

The RCMP complained that the work was anti-American. Mrs. Boggs and her panel condemned it as "entirely unsuitable."

But somehow—it was hung before anyone saw it.

Anyone that is, except for the RCMP and the department's own art panel headed by national gallery director Jean Boggs.

— which transport official James Fitzpatrick says could be taken for President Johnson, dead by his own hand.

"Add a mustache," he moans, "and it could be Premier Daniel Johnson. Just imagine that, and in Montreal, too!"

Shown also is American draft dodger Cassius Clay, with a word in praise of him, reports Fitzpatrick, "of draft-dodging."

And to top it all off, the work is decorated, groans, Fitzpatrick, "with anti-American verses."

Tossed in for good measure are Louis Riel and Paul Charron, the "mad bomber" who died two years ago in an attempt to blow up the House of Commons.

As the department fretted and fumed, a spokesman called it "make clear that we not only haven't paid the \$12,000, but are not about to."

How did it all happen?

Well, muralist Greg Curnoe says he did provide an outline and got the green light.

Trouble is, said departmental officials, they saw the "outline," sure, but not the rest.

It has been removed as a work "not calculated to make happy thinking among international air travellers"—especially Americans.

Visiting Dignitary Honored

—William E. John

Peter McGovern of New York, president of Little League International, was honored Friday night by local officials of Little League at a reception at Uplands Golf Club. Mr. McGovern is visiting Victoria for today's Youth Leadership Seminar which will be conducted by Luke LaPorta, of Syracuse, N.Y., a

member of the International Advisory Council of Little League. Shown above are Mr. LaPorta, Mrs. McGovern, Mr. McGovern and Wilf Cain of Victoria, an international director of Babe Ruth baseball. The seminar starts at 9:30 a.m. in the chief petty officers' mess at CFB Esquimalt.

Leadership Race To Delay Playoffs

MONTREAL (CP) — Starting times of Montreal Canadiens two playoff games have been delayed by one hour to allow the CBC to provide live coverage of the games as well as telecasts of the Liberal leadership convention in Ottawa.

In a joint statement Friday, the network and McLaren Advertising Ltd., which handles the commercial aspects of the hockey telecasts, announced from Montreal Thursday, April 4, will start at 9 p.m., with the telecast portion taking over at 9:30 p.m. — providing Prime Minister Pearson has finished speaking to the Liberal delegates.

The Saturday game, April 6, will also face off at 9 p.m. with television cameras moving in on the live action at 9:30 p.m.

Canadians, who finished first in the National Hockey League's East Division, still do not know what team they will face in the divisional semi-final round.

Boxing Club Seeks Promotion

London Boxing Club will attempt to move into the first division of the Victoria and District Soccer League Sunday when they meet Victoria Luckies at Central Park in a promotion-relegation game.

University of Victoria Norsemen and Colony Inn play at Topaz Park Sunday in a second-division Dodds Cup elimination game with the winner advancing to the final round of the double-knockout tournament against London Boxing Club.

In a first-division Pricer Cup winner's division, semi-final game Sunday, Hourigan's Kickers meet Victoria West at Heywood Avenue Park.

All games start at 2 p.m.

PORT ALBERNI — A little bug with a big bite will come under the spray gun again this spring, but a new weapon will be used against the old enemy, the ambrosia beetle.

H. A. Richmond, entomologist with the council of forest industries, outlined plans for this year's spraying of log booms, at a press meeting in the office of Mayor Fred Bishop.

The mayor said the city had become involved in the matter

because last year's spraying project had brought scores of letters and phone calls from citizens who were concerned with what they feared might be injurious effects to people and marine life as a result of the insecticide used.

Constant vigilance has reduced the ambrosia beetle population, but any let-up in control methods would permit it to jump again to fantastic heights, Mr. Richmond said.

He explained how it manages to damage millions of dollars worth of timber over a short space of years.

The beetle is choosy about a home.

The tiny black female wants only a green log to nest in, one growing or freshly cut, but the nicely seasoned logs, three months old or more, that are secured in log booms in the canal.

Landing on the log surface, she bores and tunnels, carrying with her a spore that develops into a fungus on which her young are nurtured.

"It is part of the control to get logs into the water as soon as possible" Mr. Richmond explained.

Losses by beetle damage can run as high as \$6 per thousand board feet in water-stored logs.

This year, after three years of research sponsored by the forest council, a new insecticide called methyl trithion will be used.

Diazine hexachloride, previously used, had been sprayed in conjunction with regulations laid down by the department of fisheries.

A regulation required all spraying to cease prior to fish fry appearing in the water, usually about April 9 or 10.

Since this is before the ambrosia beetle appears, the spray lost much of its effective action before the insects arrive on the scene.

Then new spray breaks down readily in water and within a few days becomes harmless.

The former spray, used worldwide in forestry operations, was in an oil base so that it would float on the water, and avoid contact with the fish.

A regulation required all spraying to cease prior to fish fry appearing in the water, usually about April 9 or 10.

Since this is before the ambrosia beetle appears, the spray lost much of its effective action before the insects arrive on the scene.

Spraying will be carried out in April and again in May if inventories warrant it, and if fisheries authorities approve. All employees will be cleared from the spraying area while the spraying is under way.

Company forester Wally Pearson said there will be no spraying in the Sprout Lake area.

The spray is used only over deep water where there is a good tidal flow.

Richmond

Children, Mothers**March Demands
Safe Crossing**

NANAIMO — Six mothers, leading 30 schoolchildren carrying signs and placards, Friday walked along the Trans-Canada Highway, stood at a crosswalk, then marched the children home.

Their action came as a protest to the highways department, which they claim has refused to even answer their requests during the past 2½ months concerning a safe crossing of the highway at Chase River.

Organization came from the Chase River PTA.

School Hours

The group of mothers and children walked to the highway, north past the 13th Street discontinued intersection and halted a quarter-mile further on at an intersection near the Moose Hall — where a 30-mile-an-hour limit is posted during school hours.

They then walked home without attending school.

One of the mothers, Mrs. Wiel Van Bynen, said the department had taken down signs and discontinued the crosswalk at 13th Street, despite the highway being "a deathtrap."

Killed, Hurt

She referred to a grandmother who was killed, Feb. 22, several youngsters barely escaping death and Mrs. Hazel Donaway's son, Kelly, being knocked down Jan. 29.

Mrs. Donaway was one of the mothers marching. She said: "We were lucky, very lucky" (that her son had spent only a week in hospital).

The mothers said there was no warning that the 13th Street crossing would be discontinued. They said the children came home to lunch one day, and when they returned to school, it had disappeared.

Channel Dug

The children had been told by an unknown person that the fine for crossing the highway there was \$25.

Later Friday, a highways department crew arrived and started channelling a trench for the children to walk along to the new crosswalk. It will be dug four feet below the shoulder of the road.

One of the crew, who refused to be identified, said: "We're just moving some earth."

Co-operation?

School board trustee Mrs. Doris McNeary said: "As far as the school board is concerned, the children are supposed to be in school."

She added, "We haven't had co-operation ... there has been no answer to our correspondence ... they just came and took the crosswalk out."

"We would like to see an exchange of co-operation with the highways department."

Wildcat Over

NANAIMO — Meat worth \$40,000 was threatened with spoilage Friday by a wildcat strike of 100 Johnston Terminal employees. The men walked off the job at 6 a.m.

Within hours, Ed Zimmerman of Vancouver, and Bob Milliken of Victoria, both business agents of the Teamsters Union, were with the men in Nanaimo. The branch there is local 31.

The men had objected to one of their members being laid off Monday in a manner which they thought unfair.

Shortly after 9 a.m., after talking first with the men, then with Johnston office manager Chub Bawa and chief dispatcher Jack Pugh, the men were told to go back to work by the union officials.

The three other terminals in Courtenay, Campbell River, and Port Alberni who had gone out on sympathy were contacted and told also to resume work.

One of the Nanaimo men asked Mr. Zimmerman, "Why don't we just deliver the perishables?"

He was told, "No, deliver the whole works."

"We've agreed to go back to work, the company has already lost \$3,500 through lost time."

Island Scene

Newly-elected Ucluelet councillor R. H. Vose heads the combined sanitation fire department, street lighting, cemetery and garbage committees.

Nanaimo lawyer and former alderman Doug Green is getting ready to pack his bags for the Liberal leadership convention in April. He was the last Liberal party election candidate in the constituency in which Nanaimo is located. . . . C. S. Soper of Campbell River has been installed as chaplain of the patriarchal military branch of the Independent Order of Oddfellows, Canton 4, one of the higher orders of the Lodge. The ceremony was held in New Westminster.

He was told, "No, deliver the whole works."

"We've agreed to go back to work, the company has already lost \$3,500 through lost time."

Vancouver Island Meeting**Hospital Problems Shrink If Discussed with Others**

DUNCAN — "Seemingly big problems may shrink when discussing them with members from other hospital boards," commented Claude Green, local hospital chairman, following the first day of the two-day annual meeting of the Vancouver Island Regional Hospitals at Duncan.

About 150 delegates representing 14 Island hospitals

arrived Friday to attend the event.

Mr. Green said, "To me these gathering are very worthwhile because we can learn much from other delegates."

One of the past chairmen of the group, C. A. Cousins, administrator of the Cumberland General Hospital, said: "I am most encouraged by the enthusiasm expressed by the

delegates attending the annual meeting."

West Coast Hospital Administrator F. S. Whittington of Port Alberni agreed, adding: "We had a very interesting meeting with very lively discussions."

During the first day, an engineer from the B.C. Research Council and the management engineer of St. Joseph's Hospital, Victoria, spoke on the values of planning, organization and control in hospital administration.

Today's program will include a panel discussion on nursing organization, management and education with Dr. A. J. Good as moderator.

The meeting will end 2 p.m. today with a tour of the Cowichan District Hospital.

The new executive of the Island group is headed by William Morrison, administrator of the Gorge Road Hospital, Victoria.

He succeeds J. R. Caldwell, hospital board chairman from Campbell River.

Expenditures during 1967 for the Chemainus hospital amounted to \$264,735. Revenue was \$262,032. Operating loss of \$2,723 was outweighed by \$3,747 worth of donations.

Members of the hospital association were told the largest items on the expenditure list were salaries and wages, \$184,837; Dietary, \$17,443 and dispensary, \$11,069.

Earnings from patients, less provision for bad debts, amounted to \$257,172.

CHEMAINUS — A campaign to have a new hospital built here has resumed in earnest.

Plans for an extended care unit at the Cowichan District Hospital and a brief stressing the need for a new Chemainus hospital have been sent to Victoria, the annual meeting of the Chemainus Hospital Society has been told.

The brief from Chemainus explained that the present hospital was started as an emergency hospital in a private house during a typhoid epidemic in 1899. Eventually more buildings were added to meet the steadily increasing demand.

The brief from Chemainus explained that the present hospital was started as an emergency hospital in a private house during a typhoid epidemic in 1899. Eventually more buildings were added to meet the steadily increasing demand.

Besides the Chemainus area the hospital serves residents in Saltair, Crofton, Westholme and on Kuper and Thetis islands.

Submissions by the buildings and grounds committee including comments by the architects and engineers were made to the government last week by Mr. Whittington, and it was felt all details had been finally ironed out.

But another letter arrived, saying the question of elevators had not been completely solved.

The matter of an elevator from the sub-main laundry, kitchen and other housekeeping areas to the chronic care wing was refused as a shareable cost by the government.

At the insistence of the board, the shafts will be retained so the elevator can be installed at a future date at minimum expense without added reconstruction.

Mr. Whittington said if permission to go to tender is received during the next week, two weeks must be allowed for architects to complete tender requirements, four to six weeks more for bids to come in, and then for the government to approve the board's decision on awarding the tender.

Re-elected chairman of the association, Stewart Clements, spoke on the work the hospital board had done towards getting a new hospital at Chemainus.

He said every effort is being made to continue this work.

At the insistence of the board, the shafts will be retained so the elevator can be installed at a future date at minimum expense without added reconstruction.

Mr. Whittington said if permission to go to tender is received during the next week, two weeks must be allowed for architects to complete tender requirements, four to six weeks more for bids to come in, and then for the government to approve the board's decision on awarding the tender.

'Fluoridation Would Fill Dentist Gap'

NANAIMO — The ratio of dentists in the Central Vancouver Island Health Unit's territory is so poor that officials are backing a campaign for fluoridation of the water supply.

Mrs. Margaret Robertson, board chairman, said this when submitting the unit's 24th an-

nual report. She added that the unit, with a 106,000 population to serve, is the second largest in the province.

The district has instituted a three-year dental program. H. G. W. Bennett, regional dental consultant, said "With

the recent advances in preventive dentistry there is no need for the youngsters of today most part a sign of parental irresponsibility.

"The fact that these dental cripples make up a very large segment of our population is to ignore the health both shameful and staggering teaching of their public health

staff, dentists and physicians regarding . . . treatment, periodic examination, brushing habits, control of sweet foods and application of fluorides.

"Despite the educational efforts of both the health staff and school teachers, it has become apparent that some schools have allowed the sale of pop and candy within school confines."

He said that if drinks were necessary, white milk, fruit juices and water should be provided.

He paralleled the scale of sweets to sale of cigarettes on school property, claiming one to be as injurious to health as the other.

"It only proves that our

health education system is less than successful."

In the school district including Ucluelet and Tofino, 40 and 47 students were treated in dental clinics, at a cost of \$20.25 and \$19.75 respectively on a per child basis.

He said the clinics are similar to ones conducted in Newburgh and Kingston.

Newburgh, a fluoridated community, enjoys costs of \$11.92 a child, while in Kingston, non-fluoridated, the costs were \$27.61 a child.

The health unit's operating costs were \$375,935 during 1967, while revenue was only \$33,629. This resulted in a net cost to the provincial government of \$342,306.

Because of the large area and population, the report said that four public health inspectors are insufficient.

Dr. H. L. Symond said that more staff for the overall operation is needed. He said that he would also like to see improved community services for the elderly.

The Port Alberni swimming pool is the type of increase facilities for recreation he would like other communities to provide.

For two-year-olds, the total last year was 81, with main causes being headache tablets. Household products, clearing agents, and hydrocarbons accounted for many of the remaining cases. Fifty-three poisonings occurred in the kitchen.

Dr. Symon concluded, "This would point out that, not only are people not locking their medicine cabinets, they are not even using them."

In Port, Plays Are Ready

POR ALBERNI — The three high schools in the Alberni Valley, Alberni District Secondary School, A. W. Neill and Eric J. Dunn junior secondary schools will present an evening or entertainment April 4 in ADSS auditorium.

Entertainment will range from an act of the comedy You Can't Take It With You to A. A. Milne's mystery The Man in the Bowler Hat and the teen-age situation comedy Listen, Dad.

FULL LENGTH

The ADSS presentation of You Can't Take It With You will be directed by Stan Graves, whose drama group recently presented the full-length play The Mouse that Roared and last year was responsible for the masterful Arsenic and Old Lace.

The one-act segment of You

Can't Take It With You deals with an uninhibited family of pile on laughs to a merry climax.

A spokesman for the producers termed it a community production in stage that provides excellent backstage involved with as well as fun for the audience.

More than 30 young actors number backstage involved with as well as fun for the audience.

He said that if drinks were necessary, white milk, fruit juices and water should be provided.

He paralleled the scale of sweets to sale of cigarettes on school property, claiming one to be as injurious to health as the other.

Around the Island

Big Walk Set For New Hall

DUNCAN — Cubs, Scouts and Guides will make a strong attempt to raise money for a Scout hall with an eight-mile costume walkathon Easter Monday.

North Cowichan Reeve Donald Morton and Duncan Mayor Jim Quaife will take part, said leader of the 4th Duncan Cub Scouts, Jim Kocurek.

The Cub leader said "We want to build hall because the 4th Duncan Cubs and Scouts have no meeting place."

"In our group we have 32 boys and five leaders and we meet in a small hallway at St. Catherine's School."

"The Scouts with 18 boys and two leaders have to meet at different private homes."

"We eventually hope to build a hall on the Queen of Angels' School property but we cannot say definitely."

"If we can't we'll have to buy some property."

Mr. Kocurek said the walkathon will start with judging of the costumes 10 a.m. Easter Monday at the North Cowichan Municipal Hall.

The route will be: Trans-Canada Highway to the Cloverleaf, Seminole Road, Sherman Road, Canada Avenue, James Street. The finish line will be at Pioneer Park.

Sponsors will pay a minimum of 50 cents per mile walked by each boy and girl.

Mr. Kocurek said "So far we have about 200 walkers lined up. One local resident promised to bring his mule along to make the event more lively."

DUNCAN — Three sisters from the Duncan area have captured the first three places in a Cowichan-Cobble Hill 4-H public speaking contest in the Cowichan Agricultural Society board room.

Sixteen-year-old twin sister Alison and Sylvia Mayer were first and second, speaking on

conservation in agriculture and world food supplies.

Their 14-year-old sister Eileen spoke on What 4-H Means to Me.

All three belong to different 4-H groups in the Cowichan area. Alison is a member of the Cowichan Basting Belles, Sylvia belongs to the Cowichan Jersey Club and Eileen to the Cowichan Sheep Club.

In the junior section, Pam Jickling, 13, of Cowichan Sheep Club, was first with her speech, My 4-H Project.

Second was Debbie Myhre, 12, of Cowichan Jersey Club and Linda Genereaux, 12, of the Cobble Hill Pattern Pixies. Dagmar Roemer, 11, of the Cowichan Basting Belles tied for third place.

The regional final speak off will be held Friday at the Saanichton experimental farm.

DUNCAN — Marion Christmas of Duncan, who recently celebrated her 16th birthday, has been awarded the highest award of the Girl Guide Association.

Marion was presented with her Gold Cord.

The presentation was made by Mrs. Arnie Falconberg of Duncan, division commissioner, at the First Cowichan Land Rangers' meeting.

Marion is the youngest daughter of Mr. and Mrs. Dick Christmas.

She will be one of three district girls who will attend the annual provincial gold cord certificate presentation, to be held at Government House, April 17.

The other two girls are Janet Buckham and Gail Weyman.

One hundred girls from many parts of the province will receive this certificate from Lieutenant-Governor Pearkes.

Two new rangers were welcomed to the group, Dianne Powell and Christine Jang.

Happy marriages depend on compatible people

The internationally-known Vanier Centre employs a scientific method and IBM computers to discover and introduce compatible Canadian men and women...

The F. H. Vanier Centre of Canada Limited was formed to build happy marriages, thereby reducing the number of separations and divorces in Canada. It is the Centre you have heard discussed on national radio and network television in the United States and Canada.

The Centre's goal is achieved by applying a professional, scientific method, administered by IBM computers, to record and analyze detailed characteristics that suggest the compatibility of men and women registered with the Centre. Compatible registrants are then introduced.

The Vanier Centre is definitely not a typical "matrimonial agency." Those registered with the Vanier Centre are serious-minded, sincere men and women. Insincere applicants are rejected.

If you are a single man or woman, or a divorced or separated person, between the age of 18 and 75, you are invited to enquire if you qualify to register with the Centre. All correspondence is sent in unmarked envelopes and is completely confidential.

PLEASE COMPLETE AND RETURN THIS COUPON (with 25 cents to cover handling and mailing) for complete information with no obligation.

NAME: _____ STREET: _____ CITY: _____ PROV: _____

As seen and heard on National Network TV Canada-U.S.A.

If you think we make a fortune on prescriptions, let us give you our 2¢ worth.

Most people think we make a big profit on every prescription we fill. The truth is, we don't. Not even close to it.

All we make is 2¢ profit on each dollar of sales. And that isn't a fortune in anybody's book.

On the other hand, we're not complaining.

Because last year in B.C., we filled more prescriptions than anyone else in our profession.

Nearly a million. And that's a lot of prescriptions. Probably

yours was one of them.

But no matter how many prescriptions we fill, we haven't forgotten what you have to pay out of your own pocket. Sometimes you have to dig a little deeper than you think you should. And we couldn't agree more.

And we do something about it. We help you keep down the cost of prescription drugs.

Like stocking drugs by generic as well as brand names. This alone can save you a lot of money,

especially when you have to have a prescription filled again and again.

We also use the cost-plus professional fee pricing method as recommended by the Federal Government Harley Committee.

What does it mean to you?

It means when you have a prescription filled at Cunningshams, you only pay for the cost of the drug, (which is the same price we pay the supplier), plus a modest professional fee that never

changes, no matter how expensive the ingredients.

So you see, at Cunningshams we really care. A lot. And we'll do everything we can to keep you a happy customer.

That's our 2¢ worth.

AT CUNNINGSHAMS

Brezhnev

raises fears of
severe measures
against Soviet dissidents

'IRON RULE' DEMANDED

Freedom Inevitable

Czechs Warn 'Keep Out'

From Reuters-AP

VIENNA, Austria — High-ranking Czechoslovakian officials said Friday the country's moves towards greater freedom have gone too far to be reversed and warned against any outside interference in Czech affairs.

Two statements—directed at the Soviet Union and East Germany—came from a political and an army leader stressing the theme of independence in internal matters.

* * *

The comments were reported after a tough speech in Moscow Friday by Leonid Brezhnev, the Soviet Communist Party chief, who warned against the growth of nationalistic elements in communist countries.

In another development, Hungarian Premier Jenos Fock said in a Paris interview he is "in entire agreement" with developments in Czechoslovakia.

* * *

Maj.-Gen. Egyed Peppich, newly-appointed head of the political branch of the Czech army who recently met Soviet army leaders in Moscow, writes in a weekly army newspaper that Soviet leaders "were very careful not to give rise to the slightest suspicion that they wanted to influence or advise us."

And Josef Smrkovsky, a newly-elected member of the Czech Communist Party presidium, was quoted in a newspaper interview as saying that "the process of democratization has gone so far . . . that a reversal . . . is out of the question."

* * *

In Paris Fock told reporters: "As far as concerns the goals sought in Czechoslovakia, I am in entire agreement with what is going on in that country."

He said he was convinced the friendly relations between Hungary and Czechoslovakia "will be reinforced."

Four Byelections

New Grit Leader Faces June Tests

OTTAWA (CP) — The next seek and gain a seat in the Ontario legislature. Independent Maurice Allard appointment with the voters has been fixed for Monday, June 17, when federal byelections will take place in four ridings.

The date was announced Friday by Prime Minister Pearson, who will hand his job over to a successor after the April 4-6 Liberal leadership convention.

The byelections will fill all existing Commons vacancies. There are three in Quebec—Montreal St. Jacques, Matapedia-Matane and Sherbrooke—and one in Ontario—Grey-Bruce.

TWO DIED

Two of the vacancies, in seats held by the Liberals, were caused by deaths.

Maurice Rinfret, member for Montreal St. Jacques since 1962, died Dec. 26. René Tremblay, former citizenship and immigration minister and member for Matapedia-Matane since 1963, died Jan. 22.

Grey-Bruce has been vacant since last fall, when Conservative Eric Winkler resigned to

MOSCOW (LAT)—Soviet Communist Party chief Leonid Brezhnev threatened a severe crackdown Friday against dissident Russian intellectuals who fail to recognize the need for "iron party discipline."

In a major policy speech, Brezhnev struck at Soviet intellectual dissent in what was considered the leadership's harshest attack since taking power in October, 1964.

His stiff warning also was meant to isolate the Soviet public from political turmoil now spreading across eastern Europe.

TRIAL AFTERMATH

The Brezhnev attack was delivered to a Moscow Communist Party congress. It came in the aftermath of a highly controversial trial here, in which four underground literary figures were sentenced to between one and seven years in forced labor camps.

In recent weeks, hundreds of Russians have protested the court's action in scores of private petitions and appeals to Soviet leaders, government organs and newspapers.

HARSH TREATMENT

Brezhnev raised the prospect of stiff punishment for those persons who follow the literary example of Russians already condemned for "anti-Soviet agitation and propaganda."

"The Soviet public harshly denounces the abominable deeds of these double-dealers," the party chief declared. "Renegades cannot expect immunity."

AT ALL LEVELS

Throughout his speech, Brezhnev stressed the need for "unshakable unity" and loyalty at all party levels.

"He is wrong who thinks that the Leninist directive on the need for iron party discipline is relevant only to the period of revolutionary actions, and loses its pertinence in the course of further social, economic and democratic reforms," Brezhnev warned.

SHARP DISPUTE

The party chief used the West as a vehicle to attack intellectual dissidence in this country. He cautioned his audience on the dangers of a now sharp ideological dispute between East and West.

He said the West will do everything possible to exploit any sign of political division or

sheds tears for loss of pioneer spaceman

MOSCOW (AP)—Russians four and five abreast stood in line nearly four miles long Friday to get a glimpse of the urn containing the ashes of Yuri Gagarin, history's first space orbiter.

Many of them sobbed as they waited to enter the Soviet Army's Red Banner Hall to see the urns of Gagarin and Col. Vladimir Serygin, killed in a plane crash Wednesday. Some said they had waited in line all night.

Radio Moscow and other Soviet stations discarded their regular schedules and played classical music as Moscow prepared for a full-dress state funeral this weekend. The ashes will be placed in the Kremlin Wall facing Red Square, the most hallowed spot in the Soviet Union.

Among the first to view the urns in the morning was Leonid Brezhnev, the Communist Party leader who entered the hall looking pale and drawn. With tears in his eyes he embraced Valentina, widow of Gagarin.

With Premier Alexei Kosygin and President Nikolai Podgorny, Brezhnev then stood at the side of the urns as honor guard for 20 minutes as throngs of mourners passed by.

Gagarin's widow and two children, nine-year-old Yelena and seven-year-old Galya, wept quietly in a dark corner of the room.

Fire Plague Strikes Big Chicago Stores

CHICAGO (AP) — Fire broke out in rapid succession in three big State Street department stores. Friday, driving thousands of employees and customers into the streets around an intersection often called the world's busiest.

Authorities launched an arson investigation and called in the police canine corps as a precaution against looting even before the last flames were extinguished.

Severe damage, although no dollar estimates were available, was reported at Carson Pirie Scott & Co. and Montgomery Ward stores. A stockroom fire at Weiboldt's, Inc., was quickly extinguished and fire commissioner Robert Quinn said that no proof of arson.

In a hastily-called news conference, Mayor Richard J. Daley said "there is no evidence at all" that the fires were the result of a conspiracy, and

one may have been "coincidental."

Later, however, after a clerk at Weiboldt's said she saw two men lob some object over a partition just before a puff of smoke and fire, Quinn said he would need more time to "evaluate the situation."

A fourth State Street department store, Goldblatt's, reported a mattress ignited, but the flames were quickly extinguished by employees. Louis Goldblatt, president, said, "I don't see how it could have been anything but" arson.
